Rockefeller Still Disclaims '60 Plans

Meets Ike, Impresses GOP Chiefs

Governor Sets 26 Talks This Month

NEW YORK (AP)—Gov. Rockefeller returned Friday from a trip to the White House—but he still won't say if he hopes to live there.

Washington newspapermen peppered him with questions about the possibility of his seeking the Republican presidential nomination in 1960, but he gave the same answer he has been giving all along.

To Cross Bridge Later

That is, that he is not seeking the nomination, and that his aim is to be a good governor. When asked if he would seek the nomination, he said that he would cross that bridge when he came to it.

Rockefeller said after a brief visit with President Eisenhower that he merely wanted to pay his respects to the President. They had not talked politics, he added.

While in Washington Rockefeller attended a dinner given by the Capitol Hill Club, a Republican organization. He spoke briefly, and fellow Republicans said he made a good impression.

Seen Tough Contender

Washington correspondents also had a close-up of him and reported he would be a tough contender if he went after the nomination.

They said it seemed as if he were back in the recent campaign for governor as he left the dinner. He shook hands with everyone, including the waiters.

After the meeting with Eisenhower, Rockefeller returned here in his private plane. He'll make 26 speeches in the state this month.

His first is today at Tarrytown. The occasion is the opening of the restoration of the more than 300-year-old Van Cortlandt Manor.

Buttons Pop Up

While Rockefeller was parrying questions on his candidacy in Washington, "Rocky in '60" buttons were popping up around the state.

Richard Amper, the governor's press secretary, said they were not ordered by anyone close to the governor. "I would say the governor probably has seen them," he added. He said they had been around about three weeks.

U. S. Jaycees Open 39th Parley Next Week in Buffalo

BUFFALO, N. Y. (AP) — The executive committee of the National Junior Chamber of Commerce says everything is in readiness for the group's 39th annual convention here next week.

The committee said Friday that delegates representing 200,000 Jaycees members in every state would attend the opening session Monday night.

Convention business sessions are scheduled for Tuesday morning.

A total of 22 resolutions will be considered by the convention Wednesday, including one by the Louisiana delegation, which asks protection of states' rights. However, it was reported that the resolution would not specifically mention the segregation issue.

Election of a new president to succeed Robert V. Cox of Chapel Hill, N. C. will be conducted Thursday.

Check on Stone Throwing

Police investigated a complaint Friday that someone had thrown stones through two windows of a garage owned by Mrs. Mary Meyer, 248 East Chester Street.

Hails Nixon-Rocky Ticket Strongest GOP Can Offer

WASHINGTON (AP)—Rep. William E. Miller (R-NY) says he would support enthusiastically a 1960 Republican presidential ticket of Nixon-Rockefeller.

Miller described Vice President Nixon Friday as "the best-equipped man to assume the leadership of our nation in its entire history."

In a statement designed to clarify his position on GOP presidential candidates, Miller said he was not opposed to Gov. Rockefeller as a candidate.

Rockefeller will have served as New York's governor only 1½ years when the Republican convention meets in 1960.

"It may well be that under no

circumstances would I at that time consent to leave his post as governor of New York," Miller said. He added:

"If, however, he would answer the call, then I think the strongest ticket the Republican party could present to the people of our nation would be Richard M. Nixon for president and Nelson Rockefeller for vice president—and I would support such a ticket enthusiastically."

"I am also certain, God willing, that some day in the future I will be supporting Nelson Rockefeller for nomination and election as president of the United States."

Rockefeller has shrugged off questions about presidential ambitions by saying he just wants to be a good governor of New York.

Wilson Lauds Efforts To Ease Egg Problem

The alarming situation in the egg industry which is affecting many Ulster County poultrymen is being given attention by our local legislators in an endeavor to enlist all possible state aid in a program to stimulate the egg market and bring prices back to a point where they will meet the production cost.

Upon learning of this critical

Knaust Brothers Cited for Lead In Area Industry

Knaust Brothers Inc., headed by Henry Knaust of West Camp and Herman Knaust of Saugerties, with offices in Catskill, was singled out for its leadership in the mushroom industry in the latest issue of the New York State Commerce Review.

The firm reputed to be the largest growers and packers of mushrooms in the world last summer announced that it was gradually relocating its Hudson Valley growing and canning operations to the Kingston-Rosendale area.

Largest Producer
Text of the article follows: Mushroom consumers are largely dependent on Knaust Brothers Inc., of Catskill, for their culinary delight. The company, with its affiliate, K-B Products Corp., is the largest producer and canner of mushrooms in the world. Over 30 per cent of the total United States output comes from the state firm.

To supply untapped markets, Knaust recently announced a five-year expansion program, costing more than \$2,000,000. The company plans to consolidate all of its administrative, growing and processing operations in the Town of Rosendale, Ulster County. Employment is expected to be increased from the present 700 distributed throughout the Hudson Valley to about 1,000 at the new location.

Construction is now underway there on a group of eight, 5,000 square-foot, concrete buildings to house beds for growing mushrooms.

Solons Show Little Enthusiasm for New Anti-Missile Plan

WASHINGTON (AP)—The administration's new master plan for air defenses has met with little enthusiasm among some senators who have been critical of defense policies.

The plan, outlined by Secretary of Defense Neil H. McElroy Friday, involves a shift in emphasis

from defense against manned bombers to defense against the ocean-spanning missiles of the future.

Would Cut Back Funds

It would cut back funds for the rival anti-aircraft missiles of the Army and Air Force, the Nike-Hercules and the Bomarc. It would add funds to the Army's Nike-Zeus program, aimed at eventual development of missiles to knock down enemy intercontinental missiles.

Agreement Prospects Dim: U. S. See Reds Putting Blame on Big 3

GENEVA (AP)—American officials said today prospects appear dim for the Soviet Union and the Western powers reaching any agreement on Berlin and Germany at the current Big Four foreign ministers conference.

Advisers of Secretary of State Christian A. Herter expect the Soviets to launch a propaganda offensive blaming the West for failure of the talks and marshalling world pressure for a summit conference anyway.

There is a possibility the Western foreign ministers may seek a recess of their conference and leave the way open to get together again.

President Eisenhower has made plain that he has no intention of meeting Soviet Premier Nikita Khrushchev unless the foreign ministers show enough progress to justify a heads-of-government conference.

With sessions of the foreign ministers recessed over the weekend, the showdown is expected to come early next week.

Week's Business Review

By WALTER BREEDE JR.

AP Business News Writer

NEW YORK (AP)—Prospects of a full-fledged summer boom cheered American businessmen this week.

There were some who worried about tight money and the growing threat of a steel strike.

Steel Hopes Dim
Others said the economy's forward surge had picked up so much speed that not even a steel shutdown could stop it.

Hopes dimmed for a peaceful settlement of the steel wage dispute. The United Steelworkers Union reported a "complete deadlock" in wage negotiations and authorized its president, David J. McDonald, to take whatever action he saw fit.

With a July 1 strike deadline just around the corner, steel executives started to think seriously

ly about throttling down production, currently roaring along at a record pace. Republic Steel Corp. said it would drop one blast furnace and two open hearth furnaces at its Youngstown, Ohio, plant schedule on Monday.

Effects of tight money and rising interest rates showed up at several key spots in the economy this week. Roy may have found it more difficult to get a quick loan at the bank.

Mortgages Scarce
Builders complained that easy-to-carry mortgages were getting scarce. Stock prices underwent a sharp correction.

But boom forces were still very much in command, and there was every indication they would stay that way.

Stock sales totaled 15,468,114 last week compared with 14,785,757 the week before. Bond sales

Wingdale Escapee Sought For Quiz on Boston Blast

BOSTON (AP) — An escaped mental patient with a knowledge of home-made bombs was sought today for questioning about a bomb explosion in a rapid transit waiting room in which 38 were injured Thursday.

Police identified him as John G. Feller, 23, of the Rosindale section of Boston, who escaped Tuesday from a mental hospital at Wingdale, N.Y.

Feller was committed for having a home-made bomb in his possession at a recent Fidel Castro rally in New York.

The bomb was described as an 11-inch explosive device filled with sulphur and zinc. Police said Feller had exploded two such bombs in New York City's Central Park within a year.

The bomb in a coin locker at the elevated North Station here

shattered a waiting room and part of the platform. Some of the persons injured were thrown 30 feet to the street by the blast. Others were struck by debris on the street below and six were injured as they sat in an approaching train.

Three are in serious condition. A conference of law enforcers, fire department officials and ballistics experts Friday agreed that a large quantity of black powder, possibly 25 pounds, exploded.

Police appealed to the public to come forward with any information they might have about the explosion. A special telephone line was set up at police headquarters to receive information. Police protection was promised informers.

Police, meanwhile, were pestered with telephone calls reporting bombs planted in various public places.

Air Defense Study Set At Kingston IBM Plant

An award by the Federal Aviation Agency for design studies relating to joint use of air traffic control and air defense facilities was announced today by Charles Benton Jr., general manager of the Federal Systems Division of IBM corporation, who said the studies will be conducted at the Kingston engineering laboratory.

Comprehensive Analysis
The contract will cover a comprehensive analysis of the technical and economic factors involved in the joint use of air defense and air traffic control

facilities. The study will investigate methods for using radar and other aircraft-positions flight information; and determine data processing requirements for providing flight information for both air defense and air traffic control purposes.

Factors involved in the development of a communications network capable of serving a joint system will also be included in the design study.

From operational and technical conclusions reached in the study, experimental and development work can be intelligently and vigorously conducted.

Heart of SAGE Network

The IBM Federal Systems Division engineering laboratory in Kingston has been engaged in the engineering design, manufacture, installation and maintenance of the SAGE electronic computer since 1953. This high speed digital computer, the largest yet developed, is the heart of SAGE Air Defense networks across the nation.

In SAGE operation long-range radar and other detection devices feed constant streams of data to the computer, operating 24 hours daily, which processes the data and presents a complete picture of all air activity to U. S. Air Force command teams responsible for the air defense of the nation.

Hospital Strike Legitimate, Is Ruling of Court

NEW YORK (AP) — A State Supreme Court justice has ruled that the strike by non-professional workers against seven hospitals is a bona fide labor strike.

Justice Henry Epstein declined to issue an injunction Friday against Local 1199, Retail Drug Employees Union, sought by five of the struck nonprofit hospitals.

Won't Punish Leaders
Epstein held that the state Labor Relations Act "expressly preserved to all employees the right to strike."

He added that the state Legislature in enacting the anti-injunction act "gave not the slightest indication of any intent to exempt nonprofit or charitable associations or corporations."

The jurist also refused to punish leaders of the striking union for contempt, saying:

"It is the considered view of this court that the motions to punish for criminal contempt must be denied as a matter of law. Were the determination to be

St. Joseph's, 3 Others Figure in Clergy Shifts

Four Catholic parishes in Ulster County, including St. Joseph's Church, Kingston were in an announcement this week from His Eminence, Francis Cardinal Spellman listing transfers of Diocesan clergy in the Archdiocese of New York.

The Rev. Alfred P. Glancy, who has been an assistant pastor at St. Joseph's Church for the past four years has been transferred to the Church of St. Mary, Fishkill. The Rev. James V. Keating is also an assistant pastor of St. Joseph's Church.

The vacancy will be filled by the Rev. William E. Williams, a

newly ordained priest of the Archdiocese. The change will take place Saturday.

The Rev. John J. Frawley, assistant pastor of St. Mary of the Snows, Saugerties has been transferred to the Church of the Sacred Heart, Hartsdale. He has served the Saugerties parish for nearly a year, and came there just prior to the dedication of the new parochial school.

The Rev. Joseph F. Hamilton from the Church of St. John the Evangelist, Manhattan, has been designated as assistant pastor at the Saugerties church.

The Rev. George E. Reinheimer, an assistant pastor at

House Is Watched Ten Days Troopers, Sheriff Aid U. S. Raiders

A raiding party of federal, state and county authorities at 2 p. m. Friday, swooped down on a boarding house on Horton Lane, Port Ewen, and arrested two alleged operators of a 250-gallon illicit alcohol still, which was confiscated with a quantity of finished alcohol.

Alcohol Tax Unit men from Newburgh, with State Police from Lake Katrine and Highland, and deputy sheriffs arrested the alleged operators on charges of operating an unlicensed alcohol still.

Await U. S. Marshal

Authorities identified the pair as Atlee Jordan George, 52, of 62 Bradhurst Avenue, and Lamar Faison Jr., 32, of 302 West 134th Street, both of New York City. They were arraigned before U. S. Commissioner Thomas F. Saccoman, who fixed bail at \$1,000 for George and \$500 each for Faison. In lieu of bail both men were remanded to the Ulster County jail to await arrival of a U. S. Marshal from New York City.

State Police Sergeant Raymond Keating, of Lake Katrine sub-station, said the men will face arraignment in Federal Court in New York City. The boarding house at Port Ewen had been under police surveillance since the last 10 days after "tips" were received by authorities from a woman who evidently gave a fictitious name when she telephoned and gave the location of the house where it was suspected the still was in operation.

Movements Checked

One police official said ATU agents had been watching the movements of two men and an automobile, seen in the vicinity of the Horton Lane residence for several days.

Directed by ATU men, preparations were charted to close in and raid the house, and yesterday federal men, State Police and deputy sheriffs met and conducted the raid. Authorities said they found George and Faison, the accused operators of the illicit plant, on the premises.

37 Gallons Confiscated

Sergeant Keating said the raiders found a 250-gallon capacity still in the cellar of the boarding house. About 37 gallons of finished alcohol was confiscated and the still was destroyed by ATU men.

Commissioner Saccoman said that 500 gallons of mash were confiscated and dumped.

It was not known how long the still had been in operation. Sergeant Keating described the plant as "a good setup."

Trucking Firm Not at Address Reported Friday

In an article Friday announcing the sale of Van Etten & Hogan to the John M. Rapp Van Lines, Inc., the Van Etten & Hogan address was listed as 150 Wall Street.

It was reported to The Freeman this morning that Van Etten & Hogan has not occupied the property at 150 Wall Street for some time, but has been located at the Rapp firm, 77 Greenkill avenue.

The property at 150 Wall Street was purchased last November by McCordle's licensed plumbing and heating contractors.

John McCordle said today that he purchased the residence, warehouses and garages at 150 Wall Street last November and has been operating his business from that address.

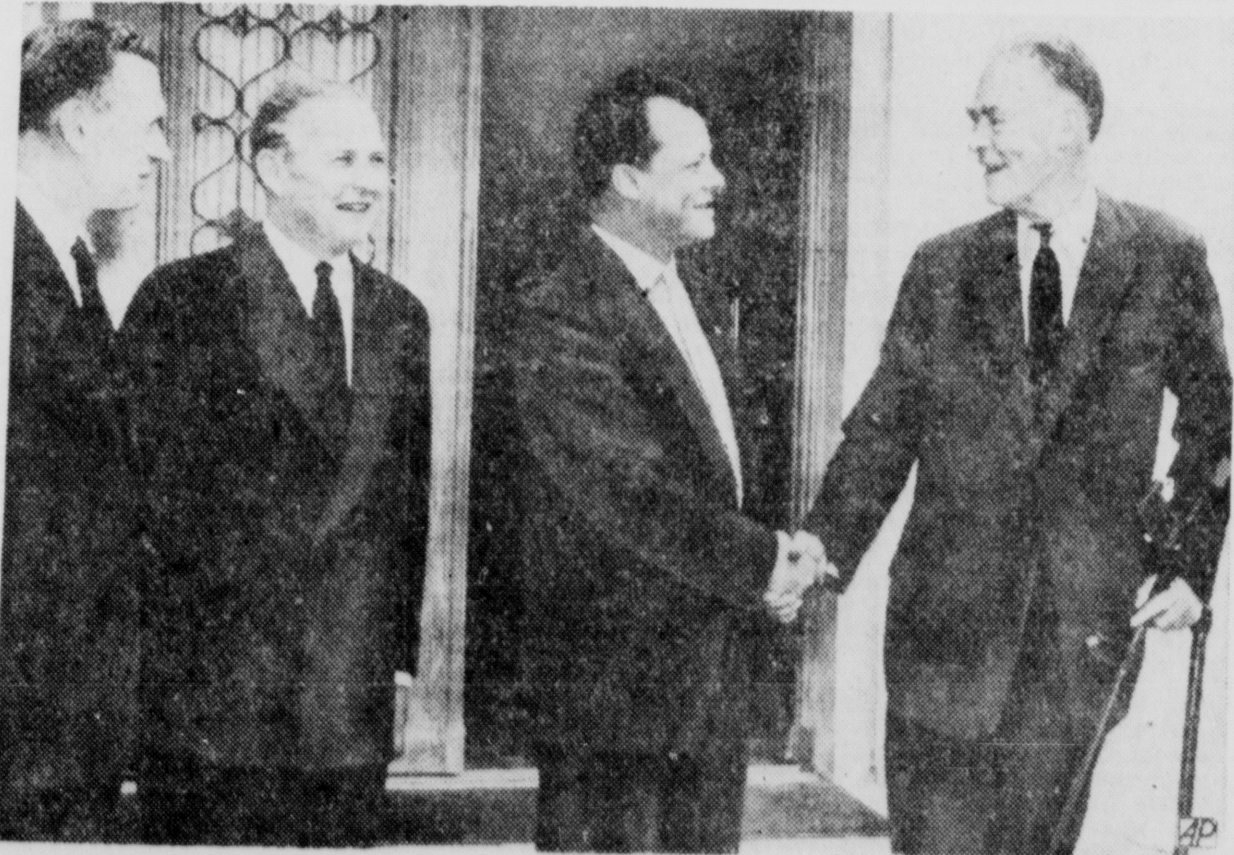

McCordle's was formerly located at the corner of Wall and Pearl Streets. This property has been leased to Kingston Cablevision, Inc.

McCordle, who has been in the heating and contracting business all his life, said the business would be conducted from 150 Wall Street as in the past.

The business was located at the corner of Wall and Pearl for the past seven years.

Davis Vice-President

In an article Friday The Freeman inadvertently listed Attorney Sherwood E. Davis, candidate for Ulster County surrogate as president of Ulster County Bar Association. Davis holds the position of vice-president.

Rosendale Pastor Will Be Installed on Sunday at 7:30

The Office of Installation of the Rev. Robert L. Grupe as minister of the Rosendale Reformed Church will be conducted Sunday 7:30 p. m. by the Reverend Classis of Ulster of the Reformed Church in America.

The Rev. Mr. Grupe, a native of Schenectady, comes to the Rosendale church from a three-

year tenure of service to the Sprakers and Currytown Reformed Churches, Montgomery County. He is a graduate of Nott Terrace High School, Schenectady, attended Syracuse University, and was graduated from Siena College, Albany, with a BA degree in Sociology in 1953. He attended New Brunswick Theological Seminary from which he was graduated with a BD degree in 1956, and was ordained and installed in the Sprakers Reformed Church in June of that year. He is married to the former Audrey Mittag of Oradell, N. J. They have two children, a daughter Diane, and son, Bruce.

The call to minister to the Rosendale Reformed Church was issued by the consistory to the Rev. Mr. Grupe on April 19. Following dissolution from the Classis of Montgomery, and acceptance by the Classis of Ulster, the Rev. Mr. Grupe and his family took up residence in the Rosendale Reformed Church parsonage on June 2.

During the service of worship the salutation and invocation will be given by the Rev. George Wood, minister of the Rochester and North Marlborough Reformed Churches and stated clerk of the Classis of Ulster. The Rev. Joseph Carlin, minister of the Bloomingdale and St. Remy Reformed Churches, will read the scripture, and the prayer will be offered by Rev. Robert Clement, minister of the Marlborough Reformed Church, Stone Ridge. The Rev. Harold F. Schadeewald, minister of the Hurley Reformed Church, will deliver the sermon. The Rev. Mr. Schadeewald was supervisor of the Rosendale church during the interim period of one month when there was no regularly installed pastor ministering to the church.

The service of installation will include the reading of the office of installation, and the declaration of installation given by the Rev. James Blane, minister of Flatbush Reformed Church, Sagerties, and president of the Classis of Ulster. The charge to the congregation will be made by the Rev. Cuyler T. E. Thayer, minister of the Reformed Church of Closter, Closter, N. J., former pastor of the Rosendale Church. The Rev. Mr. Grupe will pronounce the benediction.

Immediately following the service a reception for the Rev. Mr. and Mrs. Grupe will be held in the church hall, under the auspices of the church for Christian service. All members of the congregation and friends may attend both the service of installation and the reception.

REV. ROBERT L. GRUPE

Children's Day Set Sunday at Alliance Church

Christian and Missionary Alliance Church, Franklin and Pine Streets, will observe Children's Day with a special program Sunday 11 a. m.

The program will not follow the usual pattern of recitations by individuals but will be a departmental program of demonstration and information covering the lessons and materials and special features of the class periods covered in recent weeks.

The prelude will be on the organ by Virgil Brisco Jr. and invocation by the pastor, the Rev. Virgil R. Brisco. A congregational hymn will be followed by the presentation and commentary on the cradle roll department. The nursery department under the direction of Mrs. Fred Koch and Mrs. George Bilyou will be presented the commentary on the lesson material and visual aids will be offered by Robert Moore, departmental superintendent.

The Beginner department with its teacher, Mrs. Robert Moore will present the missionary topic on the South American Indian. Douglas Koch from the high school department will make the announcements. The primary department with Mrs. Evan Lutke and Mrs. George Shaver as teachers will cover the topic of "Building Fund Banks" and the part the classes of the department have had in giving funds for the building of the new church. This will include a commentary by Mrs. Evan Lutke, the superintendent of the primary department.

The Junior Department with its teacher, Mrs. Robert Moore will present the missionary topic on the South American Indian. Douglas Koch from the high school department will make the announcements. The primary department with Mrs. Evan Lutke and Mrs. George Shaver as teachers will cover the topic of "Building Fund Banks" and the part the classes of the department have had in giving funds for the building of the new church. This will include a commentary by Mrs. Evan Lutke, the superintendent of the primary department.

Student Day Set By CA Methodists

The annual Methodist Student Day service will be held at the Clinton Avenue Methodist Church, 122 Clinton Avenue, Sunday, 10:50 a. m. The service, prepared under the auspices of the Commission on Education of the church, is entitled, "We Think Thee." The program follows:

Instrumental prelude, Diane Thomas, violin; "Dale Natoli, piano. Call to worship, led by Jean Wells. Choral response, "O Praise Ye the Lord." Youth Department, Hymn "Tell Me the Stories of Jesus." Introduction, David O'Neil. We Think Thee Through Verse, primary department, directed by Miss Dorothy E. Smith. Sacrament of Baptism, Cradle Roll, Mrs. Francis Short. "Jesus Loves Me," Nursery Department, directed by Mrs. Henry E. Cooley. Bible school theme song, "Following Jesus," junior choir, directed by Miss Dorothy E. Smith. We Think Thee Through Reading the Bible, youth department, readers, Harry Tutwiler and Jerry Sampson. We Think Thee Through Prayer, Donald E. Vogel.

We Think Thee Through Giving, offertory sentence, Jerry C. Blair. Anthem, "Book of Books," junior department. We Think Thee Through Song, junior department, directed by Mrs. Robert W. Gaines Jr. Benediction, junior choir. Piano postlude, Mrs. Clarence Dederick.

The accompanists during the service will be Mrs. Dederick and Dale Natoli. The public may attend.

Your Life And Mine

By CLYDE HERBERT SNELL

Alley Flowers

A few years ago a little girl, living in the tenement district of a large city, astonished the more well-to-do people of her community by winning first prize at a flower show with her roses. When asked how she produced prize flowers in the dark, squalid setting in which she lived, the enterprising youngster pointed to a narrow aisle between the two tenement buildings, and said: "I kept moving my flowers along the path of the sun."

There is a distinctiveness about alley flowers that puts them in a class by themselves. Beauty, produced under adverse conditions, has a quality about it that is not present when every circumstance is favorable. Somewhere I have read that the oaks from which we get our choicest lumber are not those which have been privileged to grow in some sheltered forest, but are rather trees which have been ruthlessly subjected to the howling wind and the driving tempest. The struggle adds a touch of distinctive beauty that is absent from the lumber coming from more favored trees.

The most beautiful smiles in this world are alley flowers. Certainly every smile in the world is significant. But those that troop across the faces of folks who are "sittin' on top of the world" are not half as significant as the smiles that are upon the faces of the burdened and the afflicted.

It is easy enough to be happy when life moves along with a song. But the man worth while is the man who can smile when everything goes dead wrong.

You must have noticed that there is a certain indescribable beauty about the radiance of a face when that radiance shines forth out of circumstances that are discouraging. As with the oak, the storms of life add a lovely touch of beauty to the grain of cheerfulness.

Almost always there is some little "path of the sun" in the alleys of life — if we are wise enough to go looking for it. Things are never quite as bad, or quite as hopeless, as we, in our low moods, consider them to be. Always there is some ray of hope, some basis for cheer, some opportunity to produce roses. They may not be blossoms that unfailingly take first-prize at a show, but at least they will convince the world that alleys are not completely hopeless places.

Surrounding to environment, especially when it is gloomy, is certainly one of the greatest mistakes human beings ever make. Abandoning the alleys of life, giving them over to the weeds, because they are not always flooded with light is never wise. Only God knows how many roses have been denied to the world because those whose lot has been cast in alleys have not had eyes, as did this little girl, to see the possibilities awaiting those who are wise enough to follow the path of the sun.

Resuscitation Film To Be Shown Monday

Harold A. Sanford, chairman of Safety Services of the Ulster County Chapter, American Red Cross announced today that a film entitled "Mouth to Mouth Resuscitation," which demonstrates this technique of artificial respiration, will be shown at the West O'Reilly Street Fire Station, Kingston, Monday, June 15 at 8 p. m.

The public is cordially invited to attend and may register by telephoning the chapter.

RECEIVES HONORARY DEGREE—The Rev. David C. Gaise, (center) pastor of the Evangelical Lutheran Church of the Redeemer, Kingston, has doctor's hood placed over his shoulders by the Rev. Paul E. Henry, (right) member of the board of trustees, the Rev. Wallace R. Klinger, dean, during the recent commencement ceremony at Hartwick College, Oneonta, in which the Doctor of Divinity Degree was conferred on the Kingston pastor. (Hartwick College photo.)

Local Lutheran Pastor Awarded DD at Hartwick

The Rev. David C. Gaise, pastor of the Evangelical Lutheran Church of the Redeemer, was awarded the degree of Doctor of Divinity at the 28th annual commencement at Hartwick College, Oneonta, Sunday. The Rev. Mr. Gaise was chosen to preach the Baccalaureate sermon to the graduates in the chapel Sunday morning and used as his topic, "Seeing the Unseen."

The local clergyman, who has been pastor of Redeemer Church for over 12 years, was presented for his degree by his friend from seminary days, the Rev. Paul E. Henry of Red Hook, president of the Hudson Conference of the United Lutheran Synod of New York and New England, and a member of the Hartwick College Board of Trustees. The degree was conferred by the president of the college, Dr. Miller A. F. Ritchie.

The Rev. Mr. Gaise in his presentation cited Redeemer's pastor for faithful service to the church through the years both as pastor for three congregations in eastern New York and as a member of the executive committee and officer of the old Eastern Conference for a period of 10 years. His present activities in the church include the chairmanship of the Hudson Conference social missions committee.

Trinity Lutheran Children's Day Services Slated

The annual Children's Day exercises of the Trinity Lutheran Church, Spring and Hone Streets, will be held Sunday 9:30 a. m. in the parish hall.

The following program will be presented under the direction of Mrs. Nathaniel Phillips, assisted by Mrs. Frank Doyle, Miss Olin Heindl and Mrs. Herman Miller. Music will be under the direction of Donald Romme, minister of music.

The program will be: Primary department, Bible Tells Me So and Smile and Sing; processional, Charlene Heldron, Nancy Cole and Sherry Heldron; Reader, Bruce Gille; Jesus Loves Me, by Lynne Benjamin, Jeffrey Schwenk, Pamela Doyle, Geiselle Hiller, Nancy Cole and Sherry Heldron; Thank You God, Kathy Williams; A Little Girl and Her Flower Pot, Sandra Buchholz; Helping Hands, Cheryl Crispell; The Scrooges, Janet Miller. The Rev. Albert Shultz, Semmonette, "This Is Children's Day." The Rev. Frank L. Gollnick, DD, pastor; Watering God's Flowers, Patricia Purham; Three Little Flowers, Marlyne Rohan, Susan Moseman and Donna Reilly; Bicycle Project, Raymond Tator.

Memory verses, Miss Blanche Burr's Class; God's Sunshine, Nancy Reilly; God's Love, Evelyn Woodworth; Crown of Jewels, Steven Rider; My Heart I Dedicate Today, Lorraine Gromoll.

The 100th Psalm, Mrs. Purham's class; junior choir, I Love To Tell the Story; The Twelve Disciples, Gail Woerner; The Beatitudes, Judith Miller; The Ten Commandments, Gail Doyle, and closing song, Beautiful Saviour.

Athens Gospel Pavilion

The Athens Gospel Pavilion, two miles north of Athens on Route 385 will open for services Sunday 3 p. m. and will continue with services each Sunday until Oct. 4. The Rev. H. Ellsworth is director.

Vacation Bible School

Daily Vacation Bible School this year at the Bloomingdale Reformed Church, Bloomingdale, will be in session June 22 to July 2. Closing exercises will be held the last day.

The sessions will be from 9 to 11:30 a. m. except the nursery group whose session will end at 10:30 a. m.

Grace Community Set Sunday as Children's Day

Grace Community Church will hold services Sunday at the Lake Katrine Grange Hall, just off route 9W, three miles north of Kingston.

Sunday school will be held at 9:30 a. m. There are classes for all ages.

Morning worship will be held at 10:45 a. m. The Sunday school will present a Children's Day program. The pianist will be Gilbert Cicio. Charles Selzo will sing "Jesus Is the Sweetest Name I Know." Steven Cart and Stephen Vining will recite "The Guest of Honor." Linda Brinkman will read Scripture. Willard Davis will lead the Sunday school in singing down in the Depths of the Deep, Deep Sea.

Nursery class, Mrs. Ronald Freeman, teacher, will present a play and will sing "Climb, Climb Up Sunshine Mountain." Those taking part are Bobby Davis, David Fowler, Jeanette Bisbee, Rusty Vining, Wesley Morton, Jean Leodecke, Bobby King, Lee Ann Houseman, Beverly Hall, Sheryl Freeman, Kathi Castle, Douglas Ballantine.

Beginners class, Mrs. Harley Wehrly teacher, will give the following recitations: "God and You," Valerie Morton; "The Teachers Say," David Rausch; "A Verse for All," Eric Hayden, Max McGinnis, Kenneth Fowler, David King; "God Cares," Shirley Christian; "What to Do," Paul Colleen, Woodward. Kinderchoir, under the direction of John Sandeen, will sing "Only A Boy Named David." "Kinderkirk," supervised by Mrs. Parker Ballantine, will do a play and will recite Bible verses. Those taking part are Lyman Davis, Ruth Finch, Debby Freeman, Patty

Niece, Wayne Brinkman, and Rusty Vining.

Primary I class, Mrs. George Leodecke teacher, will give the following recitations: "Need for Service," Valerie Evers; "On Sunday School," Douglas Vining, Neil Rausch; "Why?" Dorothy Christian; "Jesus Is My Friend," Wayne Leodecke; "Summer Is Here," Kathleen Brinkman, Carol Cart; "We Need Him," David Bogert; "God's Care," Bonnie Jean Selzo; "The Sweetest Flower," Carol Muller.

Junior Choir, under the direction of John Sandeen, will sing "Give Me Oil In My Lamp." Primary II class, Ronald Freeman, teacher, will present "Famous Bible Men." Those taking part are Richard Scala, Charles Hall, Steven Fowler, Robert Cook, Richard Adams, David Heyden, and Gary Houseman. Junior girls, Mrs. Fred Brinkman teacher, will present an illustrated story "One Door." Those taking part are Betty Bogart, Cynthia Christian and Sherri Morton.

The ladies trio, composed of Mrs. John Sandeen, Mrs. Weston King, and Mrs. Willard Davis will sing. The Rev. Scott E. Vining will present an object lesson, "Plate." The Sunday school will sing "Behold, Behold." Ushers will be David Boice, John Cook, Larry Selzo, and Peter Finch. There will be a service of infant dedication.

The Family Gospel Hour will be held at 6 p. m. The pianist will be Gilbert Cicio. The song leader will be Willard Davis. The quartet will sing "Lord I Adore Thee." There will be a vocal solo by Gilbert Cicio, and a cornet solo by Willard Davis. The sermon, to be delivered by the Rev. Mr. Vining, is entitled "The Everlasting Arms."

Children's Church, for children ages 8-12, will be held at 6 p. m. John Sandeen will direct the junior choir. Mrs. Scott E. Vining will present a flannelgraph story, "The Tongue and Its Power," and an illustrated story "Rejoicing Reapers." Gary

Houseman will present an object lesson.

Kinderkirk, for children ages 3-7, will be held at 6 p. m. John Sandeen will direct the kinderchoir. Mrs. Parker Ballantine will present a flannelgraph story "Jacob's Ladder." There will be a mission story, handwork, and Bible memory work.

The mid-week service and choir rehearsal will be held Wednesday evening at the home of Mr. and Mrs. S. O. Vining, 140 Main Street, Kingston. There will be a service of prayer and Bible study at 7:30 p. m. The choir will rehearse at 8:45 p. m.

Youth Is Doing Fine After Hole Closed in Heart

MINNEAPOLIS (AP) — A New York State teen-ager underwent a delicate four-hour operation Friday to close a hole in his heart.

Francis J. DiClemente, 16, of Rome, was doing fine, doctors at the University of Minnesota Hospitals reported.

In keeping with the hospital's policy in such cases, however, the youth technically was listed in critical condition.

DiClemente was born with a hole in the muscle wall separating the chambers of the heart.

Surgeons tied off the heart from the rest of the circulation system and used a mechanical heart-lung machine to perform the functions of the vital organs.

DiClemente's blood was circulated through the machine, purified and channeled back through his system.

Asks Power Boost

WASHINGTON (AP) — Radio station WKAL, Rome, N. Y., asked the Federal Communications Commission Friday for permission to use one kilowatt of power in the daytime. It now uses 250 watts.

Stone Ridge

St. Peter's Episcopal Church, the Rev. David W. Arnold, priest-in-charge — Services for Sunday: 7:45 a. m. Holy Communion; 11 a. m. nursery school, Sunday school service and class instruction; 11 a. m. shortened morning prayer, Holy Communion and sermon by Father Arnold. Tuesday, 7:30 p. m. meeting of planning committee for chicken barbecue, collection committee and insurance committee at the home of Dr. George Bushnell.

The annual dinner meeting of the parish vestry of St. Peter's and St. John's was held at the Kirkland Hotel, Kingston.

Those attending included Father Arnold, the priest-in-charge, S. W. Gray and G. A. McCorkle, church wardens; John J. Rensing, George Kornstone, John D. Basten, John Kern, Isaac Graham, Albert Koechel and William Bryant, vestrymen. Members of the collections committee including, Dr. George Bushnell and Thomas Snow Jr., the legal advisor to the vestry, Major H. Edgar Timmerman, William Van Benschoten, architect and Donald Schoonmaker, contractor for the Episcopal Church of Christ the King also attended.

The vestry authorized four half scholarships to the junior and senior high school youth conferences of the Diocese of New York at the Wooster School, Danbury, Conn. from Aug. 23 to 28 and Aug. 30 to Sept. 4 and set up a planning committee for the men's chicken barbecue tentatively to be held Aug. 29.

There will be a fire drill for all members of the Stone Ridge Fire Company at the Fire Station, Cooper Street, at 2 p. m. Saturday under the direction of the chief.

Major Firms Halt Chicago Slaughtering

CHICAGO (AP) — An era in Chicago's meat packing industry is coming to a close.

Within a few weeks, all major companies which brought the city renown as "hog butcher for the world" will have quit livestock slaughtering in Chicago.

Wilson & Co., third largest meat packer in the nation, ceased slaughtering operations here four years ago; Swift & Co., the No. 1 meat producer, halted all slaughtering today and within the next few weeks Armour & Co., the second largest, also will shut down its plants here.

All described the shutdowns to facilities too obsolete to be modernized profitably. Each had operated in Chicago more than 75 years. Most of that time they virtually comprised the industry here and made Chicago the largest livestock market in the world.

But with the expansion of railroad facilities and trucking operations, the companies built more modern plants elsewhere, always moving closer to sources of livestock supply and markets for meat.

The departure of these great companies from Chicago, however, does not leave the city without this major industry. There still are about 25 packers who buy about approximately 25 per cent of all cattle and sheep and 30 per cent of all hogs shipped to Chicago for sale.

Others are taken by buyers for slaughter elsewhere, mostly at plants in the East. With about 300 packers, industry spokesmen say there hardly is any likelihood that Chicago will lose its top ranking spot as a livestock market. Both Swift and Armour will continue buying here. Together, they have been taking about 16 per cent of the cattle offered for sale.

Over the past 10 years, the Chicago stockyards has handled an average of more than five million cattle, hogs and sheep a year.

19,000 More Jobs In N. Y.-Jersey Area in April

Herbert Bienstock, acting regional director of the U. S. Department of Labor's Bureau of Labor Statistics, announced today that employment in the New York-Northeastern New Jersey metropolitan area rose 19,000 in April, as increases in construction, service and other non-manufacturing industries more than offset declines in manufacturing.

The April increase raised the area's job total to 5,432,000, about 25,000 above the year-ago total.

Bienstock said construction employment, continuing its seasonal upturn, rose 15,000 to 218,800, while a gain of 14,000 boosted employment in the service industries to 811,700. Small seasonal increases in wholesale and retail trade, finance, insurance and real estate establishments and in government accounted for the remainder of the overall 37,000 March-April rise in non-manufacturing.

April employment in the area's manufacturing industries, on the other hand, was off 18,300, primarily as the result of seasonal layoffs in apparel.

Weekly earnings of factory production workers averaged \$86.75 in April, the same as in March but nearly \$6 above the figure for April 1958. Hourly earnings remained at the record level of \$2.23 reached in March while the length of the work week fell to 38.9 hours, and 1½ hours above the April 1958 weekly hours average.

Knaust Brothers Cold Air Brings Midwest Relief

By THE ASSOCIATED PRESS
Cold air knifed through the Midwest today, offering some relief to the steaming hot weather that clutched most of the nation.

The mercury slid some 10 degrees at Midwest points during the early morning. The Weather Bureau in Chicago forecast significant daytime temperature drops throughout the Great Lakes and Ohio Valley.

Elsewhere, another day of high readings was on tap. Thunderstorm activity was rather general in an Eastern sector, bounded by Ohio, Pennsylvania and Virginia.

Friday night, a funnel-shaped cloud, described as a "baby tornado," stormed through Colorado, a Western New York village. Trees were uprooted and there was some damage to buildings in the resort area.

An amusement park roller coaster was blown down by winds estimated by residents at 60 miles an hour. The roof of a drive-in ice cream shop was lifted by the wind and tossed some 50 feet into a used car lot.

Severe thundersqualls and hailstorms accompanied the storm. Thundershowers deposited some 1.75 inches of rain at Altoona, Pa. While 1.10 fell at Martinsburg, W. Va. Friday's hot temperatures were paced by a 110 at Needles, Calif., while Laredo, Tex. had 101. To the north, Gooding, Idaho, saw the mercury rise to 99.

Not Too Far Wrong
SHELBY, N.C. (AP)—The Shelby Daily Star said few of the girls' fathers could find anything wrong when The Star made a typographical error earlier this week. The error appeared in a story about a sub-debante ball sponsored by the Junior Charity League. A sentence in the story referred to the sub-debs as "sub-debs."

John Law(s) Graduates
LOUISVILLE, Ky. (AP)—The president of the graduating class at the Southern Police Institute at Louisville was none other than John Law himself. Law is a North Carolina Highway Patrol sergeant.

Auer Suffers Stroke
HOLLYWOOD (AP)—Mischa Auer is under hospital observation for what friends describe as a stroke. The 33-year-old comic actor collapsed Thursday night during filming of a television show at the Hal Roach Studios in Culver City.

More Moons: Mikoyan
MOSCOW (AP)—Soviet Premier A. I. Mikoyan says Soviet scientists will send up additional earth satellites to replace Sputnik III which is slated to plunge earthward next fall.

"They will not leave the skies empty," he said.

Eight Die in Air Crash
WINNIPEG (AP)—A chartered plane crashed and burned Friday night in the bush country of North-western Ontario killing all eight persons aboard.

The seven passengers included six Indians and a clerk of the Hudson Bay Co.

General Tax Due June 22
The City Treasurer's office announced today that after June 22 a 5 per cent delinquency fee and one dollar will be added to the second half of the general tax for 1959.

In Basic Training
Pvt. Robert Johnson, son of Mr. and Mrs. Arnold Johnson of Hurley has been assigned to Company B of the Fourth Training Regiment at Fort Dix, N. J. Prior to arrival at Fort Dix, Johnson attended the New York Military Academy and The Citadel.

Trinidad Once was known as the "land of the hummingbird" and still has a large hummingbird population.

Location a Factor
Knaust's New York State location has been an important factor in its rise to top position in the mushroom industry. Commenting on this point, Warren Knaust, (of Saugerties) an official of the company, remarked:

"The Hudson Valley is ideal for our operations because of its natural advantages. We have over 100 trucks using the highways in the area and rely heavily on rail shipments. The excellent transportation facilities available here have greatly aided our growth. In addition, we are close to raw material sources and to the populous and prosperous markets of the Northeast. We consider ourselves fortunate in being located here and our expansion in the area is evidence of this belief."

St. Lawrence Sturgeon
Sea and lake sturgeon live in the fresh waters of the St. Lawrence River the year round. Dense schools of these fish drive into tributary streams to spawn in the spring.

Pedestrian Injured In Main Street Mishap
Thomas Merriweather, Rhinebeck, complained to Kingston police last night, that he was injured when an automobile hit him as he and Mrs. Merriweather were waiting to cross in front of 11 Main Street.

Mr. Merriweather said he received bruises of the knee. According to information given police, the car involved bore a registration issued to a local resident.

Week's Business
had a par value of \$30,874,200 compared with \$27,551,000 the previous week and \$27,733,500 for the corresponding week in 1958.

Consumer spending in the nation's shops and stores exceeded retailers' fondest hopes. Fast-growing sales of new cars kept Detroit production lines humming.

Business spending on new plant and equipment in the next few months seemed certain to show a bigger-than-expected increase.

The latest job statistics also made good reading. The Labor Department said employment increased one million last month to 66,015,000—a record for May.

Factory Wages Up
Average pay of factory workers topped \$90 a week for the first time. The average for workers in "durable" goods industries—including autos, appliances and steel—climbed to \$88 a week.

Factory employment showed a gain of 100,000. It usually goes down in May.

Government economists said employment in June would be higher than in May, but that unemployment would rise too, because of a record number of students hunting jobs.

High schools will graduate 1,750,000 boys and girls this month; colleges will award diplomas to 500,000. Hundreds of thousands of other students will be looking for work. Finding the kind of summer job you want may not be easy.

Resorts Face Good Year
Resort business this summer should be better than ever. So say operators of hotels, motels, vacation spots and travel bureaus.

The summer boom in outdoor cooking may also set records. Kaiser Aluminum & Chemical Corp., which supplies the foil for barbecue cooking, says foil for millions will spend more than 100 million dollars on barbecue equipment this year and burn more than 200,000 tons of charcoal.

Apparel manufacturers, sold out long ago on their summer lines, look for a big increase in fall business.

Controversy swirled in Washington this week over President Eisenhower's proposal that Congress revoke the interest ceiling on many kinds of government bonds. The Treasury has found it difficult to market newly issued long-term bonds carrying an interest tag of only 4½ per cent.

Congress Democrats said a better way to solve the Treasury's financing problems would be to have the Federal Reserve system increase its purchases of government securities. Republicans said this would increase the lending authority of the commercial banks, pump more check book money into circulation, and push prices up—all of which means inflation.

Senate Approves Proclamation for 350th H-C Fete
WASHINGTON (AP)—The Senate has passed and sent to the House a proclamation asking a presidential proclamation to commemorate the explorations of the Hudson River and Lake Champlain.

Henry Hudson explored the river and Samuel de Champlain the lake in 1609. Ceremonies in observance of the 350th anniversary of the historic voyages are being held throughout this year in New York State.

The Senate approved the resolution Friday.

St. Joseph's, 3
St. Joseph's Church, New Paltz, has been transferred to the Church of St. Jerome, Bronx.

The vacancy will be filled by the Rev. Joseph W. Hickey from the Church of St. Agnes, Manhattan.

In listings of newly ordained priests known in this area, the Rev. John J. Gill, son of Mr. and Mrs. John J. Gill of 56 Cranford Street was assigned to the Church of St. Peter, Liberty.

He offered his first Mass at the Church of Immaculate Conception here in May following his ordination.

The Rev. Joseph F. Reynolds, son of Mr. and Mrs. William A. Reynolds of Tuckahoe, and brother of the Rev. William F. Reynolds, assistant pastor of St. Peter's Church, Kingston, was assigned to St. John the Evangelist, Clove in the Town of Saugerties. His mother is the former Gertrude Stenz, a native of this city and former member of St. Peter's Church. The newly ordained priest celebrated his second solemn Mass at St. Peter's Church here early this month.

The Rev. Donald P. Reidy, who formerly served at St. Peter's Church, Rosendale, was transferred from Church of St. Bartholomew, Yonkers to the Church of St. Patrick, Staten Island.

Wilson Lauds
2,200 pamphlets "9 ways to cook eggs," to food editors, radio, TV food talent, hotels and restaurants.

300 two-sheet posters, "Eggs belong" to retail stores for point-of-sale contacts, 100 one-sheet posters, "Tasty Fresh Eggs," to same places.

700 "Keep Eggs All Day" case displays to retail stores.

Also included in the campaign is distribution of 33,000 check-out counter stuffers, 40,000 distribution, 50,000 "Quality and Preparation of Eggs" folders offered on radio and TV, retail store demonstrations and displays including candel to show egg quality to consumers, display gimmicks for stores.

Also to publicize eggs, Governor Rockefeller held an "egg breakfast" at the executive Mansion in Albany.

Numerous films, recordings and slides were produced for public circulation. "Egg Breakfasts" have been scheduled on radio and TV shows and the Division of Markets has requested all chain stores to push egg sales.

To actually stimulate the egg sales all New York State agencies have been contacted and requested to buy eggs for institutions and to increase consumption and to increase consumption wherever possible.

An assortment of poultry and eggs national Board promotional material is being supplied by Grange League Federation to supplement material provided by the state and producer group.

Agreement
gloom of the Americans about chances of success. But the British cling to a hope that the Soviets might back down on demands the West get out of Berlin and seek an interim agreement to lift the crisis surrounding the divided city.

British Foreign Secretary Selwyn Lloyd flew to London Friday night to see Prime Minister Harold Macmillan, who has been the leading advocate in the West for a summit conference.

Be Patient: Lloyd
"I think we have got to be patient," Lloyd told newsmen on arriving at London airport. "We have got to be firm about essentials but nevertheless patient about the negotiations."

Should Soviet Foreign Minister Andrei A. Gromyko stand firm when talks resume in Geneva, the conference may break up by midweek.

Horter, Lloyd and French Foreign Minister Maurice Couve de Murville would prefer a recess rather than an adjournment if a break became necessary. They could then reassess the situation in the future without the need to set up a completely new meeting. A recess for a definite time might be fixed providing the Soviets agree. There has been talk of setting it three weeks to two months or more.

Hospital Strike
reached as an exercise of disapproval the same result would follow.

May Go to Appellate
The hospitals may take Epstein's order to the Appellate Division.

Earlier Friday the Appellate Division upheld 15-day jail sentences and \$250 fines ordered for Leon J. Davis, local president, and George Goodman, the union's business manager, for violating a previous no-strike injunction issued by another judge.

The union said it would take this ruling to the Court of Appeals.

The strike, entering its sixth week, was called in a demand for union recognition and higher pay for non-professional workers such as nurses' aides, orderlies, porters, kitchen help and elevator operators. The union says wages are as low as \$25 a week.

Solons Show Little
mands for the new program, which was approved by President Eisenhower before it reached Congress.

Russell said details of the new plan will be given later to the Senate Appropriations Committee, which is handling the 39 billion dollar annual defense money bill.

Lead melts at 620 degrees above zero Fahrenheit.

Do You Remember

By SOPHIE MILLER
Some time ago, Attorney Peter Harp of New Paltz gave me an excellent collection of the Kingston Argus. I have one dated Wednesday, Dec. 12, 1888, from that collection. There are no big headlines and the small town news appear on the front page.

Here is something from Olive Bridge. "Henry De Witt has furnished his grist mill with a new buckwheat machine by which the flour is said to be much better and whiter than by the old process. The pulp mill of J. I. Bice, which shut down last August, started up again on full time last Monday morning. The trustees of school district No. 9, of this place, have been ordered by the school commissioner, to make certain repairs to the school house to the amount of \$200. . . I. L. Merriweather, our village blacksmith, is redoing considerable of the fall, pairing and repainting this fall. Reece Bice, the wagonmaker, is an excellent workman. . . C. O. Winne has purchased the stone quarry of Till De Witt. Minner Hyatt has returned from the city and is again in the hoop business. . . Wilbur Van Kleek has moved in the tenement house of George Silkworth."

This from Esopus: "Augustus York, Commissioner has replanked the Esopus Hall of the Ellenville bridge. This from Ellenville: "During the past year, about \$20,000 has been expended on F. O. Norton's works, for improvements in the plant, tenement houses etc. A gravity railroad has been constructed by direction of Superintendent Charles, by which barrels of cement roll thence from the packing room, around the mill to a new storage room provided, which will increase the reserve cement for winter use by several thousand barrels."

This from Gardiner: "Alonso LeFever, of Modena, has taken a contract to furnish ten thousand and railroad ties and as many posts to the Poughkeepsie and South Western Railroad Co. He has a gang of men at work getting out the ties and posts. Mr. LeFever has bought a 60 acre lot of Joseph E. Hasbrouck and expects to buy more."

This from Pine Hill: "Daniel Whipple, who lives on Birch Creek at Pine Hill, has sold his place to Dr. McCracken, Chancellor of the University of New York. This place adjoins the Hasbrouck place which has been purchased by Dr. Croshaw, of Birch Creek now are owned by New York dominions, brokers or lawyers."

This from Stone Ridge: "The bottom seems to have fallen out of the roads in many places. The Ellenville stage is not out of sight yet, but is a long time coming through."

This from Kripkeburgh: "The store of James A. Wood is nearing completion. It is one of the finest buildings in this village. Mr. Wood's father and grandfather carried on business in a part of the same building." This from Edenville: "John S. Roosa has purchased a new belt for his saw mill, in place of the one that was stolen on Friday last. . . The yacht, Minnie, is still running on its regular trip in the upper creek. . . Many horsemen are sending their horses and mules out for winter quarters. . . The last D & H Co. boat passed through here to tide water on Friday evening of last week. . . The water will be kept in the basin of the canal for the accommodation of the Brigham and Conolly and Shaffer cement boats. . . This place has begun to be lonely since the close of the D & H Canal. All that was news 71 years ago."

She Needs Job
SAN LEANDRO, Calif. (AP) — Stowaway Sharon Forsberg, anticipating a financial talk with her parents, says "I badly need a job."

Sharon, 20, a student at San Francisco State College, returned home Friday from Hawaii. She had stowed away from Honolulu, hoping to see a boy friend. Turned out he'd gone to New York.

After she was discovered aboard ship, her father paid her fare and bought her an airplane ticket for the return trip.

That amounted to about \$426.

Strike Idles
ROME (AP)—At least 40 Italian ships were idled in ports around the world today by a seamen's strike now in its fifth day.

Although most of the strike-bound vessels were in Italy, some of the biggest, including the Giulio Cesare — flagship of the Italian Line — and the Vulcania, were in New York.

Some 10,000 passengers were affected.

The unions are asking a 30 per cent wage increase. The owners offered a six per cent raise over present wages averaging slightly above \$60,000 a year (\$100 monthly).

Collision Kills Four
NORTH CHILI, N. Y. (AP)—Four persons were killed today in a head-on collision between two automobiles in this Monroe County community just west of Rochester, police reported.

Four other persons were reported injured.

Names of the victims could not be learned immediately, and police said they were having trouble with identifications because some of the people involved were wearing only bathing suits.

Governor Stays Execution of 2 For 1957 Murder

ALBANY, N. Y. (AP) — Attorneys for two men granted a stay of execution have asked a U. S. Court of Appeals judge to save the pair from the electric chair.

Gov. Rockefeller stayed the executions of Ralph Dawkins, 22, and Jackson Turner, 23, both of Jamaica, about eight hours before they were scheduled to die Friday night at Sing Sing Prison.

Rockefeller said he granted the stay to allow the men, convicted of killing a delicatessen store owner, to appeal to the U. S. Court of Appeals.

The convictions have been upheld by the state Court of Appeals.

Counsel for Dawkins and Turner presented brief oral arguments before Judge J. Edward Lumbard of the U. S. Court of Appeals shortly after the stay was granted. The judge asked for records in the case for study before giving a decision.

At Sing Sing Prison, Warden Wilfred L. Denno said he tentatively had rescheduled the executions for the week of June 28.

Dawkins and Turner were convicted in December 1957 of first-degree murder in the shooting of William Boser in Queens Sept. 6, 1957.

Two other men, William Wynn, 18, and Thomas Frye, 22, both of Jamaica, also were convicted in the slaying and were sentenced to death. Former Gov. Averell Harriman commuted their sentences to life imprisonment.

Deadline June 22 For Applications To Paltz State

ALBANY — Applications for the next admissions examination to be conducted by the State University including New Paltz must be postmarked not later than June 22, 1959. Officials have announced. The examination, fifth and last in the current series which began November 15, will be held on July 11.

All students who wish to enroll during the 1959-60 academic year in any of the University-operated colleges, except the medical colleges, are required to take the admissions examination. These colleges include the following:

For application blanks, students should write to the colleges in which they wish to enroll. The completed application blanks must be mailed to the Central Office of State University of New York and postmarked not later than June 22. The University will send each applicant an admissions examination permit.

THEY'LL DO IT EVERY TIME (Registered U. S. Patent Office)

SAUGERTIES NEWS

Veteran Parish Assigned Priest To Assist Pastor

REV. JOSEPH F. REYNOLDS

A newly-ordained priest, whose brother is assistant pastor of St. Peter's Church, Kingston, has been assigned to St. John the Evangelist Church in the Clove, Town of Saugerties. It was announced by His Eminence, Francis Cardinal Spellman this week.

The Rev. Joseph F. Reynolds, son of Mr. and Mrs. William A. Reynolds of Tuckahoe, begins his duties at the parish this weekend. He will celebrate his first Mass at the St. Patrick's Church, Quarryville, at 10 a. m.

His mother, the former Gertrude Stenz, a native of Kingston, was a member of St. Peter's Church. He celebrated his second solemn Mass in the Kingston church early this month where his brother, the Rev. William V. Reynolds, is assistant pastor.

He has two other brothers, John and Owen Reynolds of Tuckahoe, and three sisters, one a nun, Sister Mary Paul of the Sisters of St. Francis, who is on the faculty of St. Clare's Academy, Hastings.

Father Reynolds is a graduate of Immaculate Conception School, Tuckahoe, Cathedral College and St. Joseph's Seminary, Yonkers.

He will be assisting the Rev. Daniel Daley, pastor of the four churches in the mission including St. Thomas at Veteran; St. Patrick's, Quarryville; Our Lady of the Mountain, West Saugerties, and St. John's, the Clove.

Father Daley, a native of Tuckahoe, told The Freeman today that Father Reynolds will be assisting in the parish during the summer.

Children's Day Heads Activities At Mt. Marion

The observance of Children's Day with a program at the 11 a. m. Sunday worship service will head activities of Plattkill Reformed Church, Mt. Marion, next week.

Sunday at 9:30 a. m. the junior choir will rehearse in the church, and 9:45 a. m. church school rehearsal in the church for the morning worship service. Adult Bible class meets in the parsonage.

The 11 a. m. morning worship service will be "A Girl and A Boy," based on St. Luke 18:16. The Sacrament of Holy Baptism will be administered to four infants.

The church school will have charge of the Children's Day service following the sermon. Each class in the church school will have a part in the service under the direction of the church school teachers and Mrs. Harold Felton, church school superintendent.

Nursery Class will not meet in the church hall as all children will attend morning worship on Children's Day. Cradle roll certificates will be presented to parents whose children, up to three years of age, have been enrolled on the recently formed church cradle roll, by Mrs. Virgil W. Detweiler, cradle roll superintendent.

The Rev. Joseph F. Reynolds, son of Mr. and Mrs. William A. Reynolds of Tuckahoe, begins his duties at the parish this weekend. He will celebrate his first Mass at the St. Patrick's Church, Quarryville, at 10 a. m.

burn, Calif. Mr. Swart is now residing with his brother Chester Swart of Flushing in one of the old stone houses of the area. He left last October for the coast.

Mr. and Mrs. Leonard Gilmore and children Robert and Joan have moved from the Rogers apartments, 144 Washington Street, to their new home on Bennett Avenue.

Recent visitors of Mrs. Fred Bloom, a patient at Dale's Sanitarium, Saugerties, were Mrs. Lola Hoosten and Mrs. Anna Post of Palenville, and Mrs. Olive Travis and Mrs. Jack Rivenberg of Saugerties.

Fireworks Show Set for July 4

The Saugerties Fourth of July celebration will be highlighted this year by another large fireworks display in the evening. It will commence as soon as it is dark so that many children will be able to attend.

Since the entire celebration is tied in with the Hudson-Champlain festival the sponsoring Jaycees are working on a brochure which will be available during the weekend of the fourth. The brochure will include a history of the Saugerties area and a complete program of the week-end activities. All units participating in the parade will be listed.

The "Tour Around Saugerties" that will planned bike race for scheduled June 21.

The three-day observance of Independence Day will begin Friday night, July 3 with a block dance and the judging of the beard growing contest.

The annual parade, expected to be one of the largest in the history of the township, will be held Saturday, July 4 in the morning. The fireworks will be in the evening at dusk.

Refreshment committee was Mr. and Mrs. Henry Mertz Jr., Mr. and Mrs. John Schreiber, Mrs. Elizabeth Sima and Mrs. Daisy Tighe.

Ask Housewives Destroy Plastic Bags: End Menace

State Safety Director Walter E. Bligh today called upon all housewives to take positive and immediate action in handling the plastic bags that he said are used by dealers to package food stuffs.

He said that plastic bags used by dry cleaners and laundries, and plastic bags used by retail merchants to package food stuffs have served their purpose once the goods are brought into the home, and therefore should be removed immediately and destroyed to prevent any possibility of them causing death.

He added that while many ideas are being explored to eliminate the possible deaths from plastic bags, the bags are still being manufactured and used by retail stores thus continuing the potential hazard. He felt that this study by interested groups will take time, and the correct thing to do now is to destroy such plastic bags as soon as they are brought into the home.

This precaution he feels will greatly reduce the death possibility which is ever present when such bags are left lying around or are stored away for possible future use.

Plastic bags should be treated as dangerous and should not be left around the house. Only by destroying them immediately Bligh said, will this problem be solved.

BEST DRIVER — Carl C. Crimm, 44, is the "Driver of the Year."

The Okmulgee, Okla., truck driver hasn't had an accident in 26 years. American Trucking Assn. gives the annual award.

New Paltz Thomas Pine Is Winner of Jaycee Road-E-O Contest

For the second year in a row Thomas Pine copped first place in the Jaycees sponsored Teenage Road-E-O Saturday on the Campus School grounds. He totaled 444 points out of a possible 500. Peter Rooney placed second and the other contestants were Bruce Ashmun, Carol Bender, Arnold Jacobson, and Karl Moerk.

The Teenage Road-E-O is a safe driving contest sponsored by the Jaycees, Chrysler Corporation, the Pure Oil Corporation, Liberty Mutual Insurance Company and American Trucking Association. It is not a drag race or a hot rod contest. Driving skill and knowledge are the ingredients that make a winner.

Pine and Rooney will be guests of the Jaycees at the June membership meeting at Reggie's Inn Monday. Randolph Siegel, Jaycee committee chairman, will present awards to the winners at this time.

In addition Tom will be sent by the local Jaycees to the New York contest in Oneonta in July. The New York State winner, in turn will be sent to Washington, D. C., with all expenses paid to compete in the national contest. The national winner will receive a \$1,000 educational scholarship.

It should be noted that last year Tom placed 17th in a field of over 100 contestants at the state contest.

The Jaycees would like to thank the judges, William Lohman and Edward Walsh; Nadler Motors for the use of their cars; and the college for the use of their property.

Grange to Judge Poster Contest

John Schreiber, chairman of the community service project of the Huguenot Grange appointed a committee of judges last night at the regular meeting, to judge poster samples sent in by various contestants. The object of the poster contest is to select one exceptional poster to be copied and displayed at various locations about New Paltz. The project undertaken by Grangers is to beautify the surrounding township. Members of the Grange have been asked to clean up specific areas near their homes, remove rubbish and debris carelessly tossed aside by unthinking motorists. Any resident of the township can participate in this project by not littering the sides of the highways and byways as they drive through.

The project is one of many to be undertaken by Grangers of this community. Details of others will be announced soon. Plans also were made at this meeting for a pot luck supper to be held in the near future.

This was an important meeting. Plans for the Hudson-Champlain Centennial started to take shape.

Refreshment committee was Mr. and Mrs. Henry Mertz Jr., Mr. and Mrs. John Schreiber, Mrs. Elizabeth Sima and Mrs. Daisy Tighe.

Local Scouts Win 1st Places at Camporee

Two patrols of Boy Scout Troop 74, won first place in the Rip Van Winkle Camp Camporee, June 5-7. The local Scouts under Scoutmaster Laurin Abrams Jr., won out over more than 600 troops from throughout Ulster and Greene counties, in the competition for title of first troop in the council.

The placing of troops was based on points won in a test of Scouting knowledge and in inspection of campsites. Troop 74 received a 100 percent rating on campsite and this, plus a high rating in scoutcraft, put them on top.

This victory is the third in ten years for Troop 74 in this particular event. The troop has never finished under fourth place in all the troops in the council in this time.

Village Notes

Mrs. Eldon Johnson was hostess for the June 5 meeting of the Jaycees. Final plans were made for the County Home picnic June 28.

IBM Announces Appointment of Senior Engineers

JOHN J. CAHILL JR.

Harold D. Ross, manager of research and engineering at the Kingston laboratory of the Federal Systems Division of International Business Machines Corporation, today announced the appointments of Pasquale W. Rocco of Red Hook and John J. Cahill Jr., of West Hurley, as senior engineers.

Cahill began his association with IBM, Kingston as a staff engineer in advanced systems planning in November, 1957. Promoted to advisory engineer the following June, he was named development engineer and manager of air defense and strategic systems application in January, 1959.

A U. S. Army veteran, Cahill, earned a bachelor of science degree in physics from Fordham University and a master of science degree in physics from the University of Akron (Ohio). He is a member of Toastmasters International.

Cahill, his wife, Mary, and daughter, Mary, 1, reside at Birch Street, West Hurley.

PASQUALE W. ROCCO

Rocco joined IBM's early SAGE air defense computer development project in March 1953, as manager of displays. After managing several such development groups, Rocco was named manager of IBM, Kingston design automation in July, 1955, and of machine organization preliminary system design in May, 1958.

A veteran of more than three years service with the U. S. Army, Rocco earned a bachelor of electrical engineering degree from New York University.

Rocco, his wife, Jeanne, and children, Patricia, 12, and Bruce, 9, reside at 20 Birchwood Drive, Red Hook.

L. I. high school, Miss Deanna Dunham, will represent the West Islip High School at Empire Girls State, New Paltz. She is being sponsored by the West Islip Ladies' Auxiliary, American Legion. She is a member of the National Honor Society, a junior class officer, and treasurer of Student Council. Deanna has been active in dramatics, chorus and newspaper clubs. She is a member of the First Ion. Both of her parents, Mr. and Mrs. Walter C. Dunham were graduated from New Paltz State University Teachers' College. Her grandmother, Mrs. Delia T. Shaw is a charter member of Sullivan-Schafer Post No. 176, New Paltz, since 1926.

Will Make New Attempt to Free Freighter Today

CAPE VINCENT, N. Y. (AP) — An attempt will be made today to free a Danish freighter aground in the St. Lawrence River off Home's Point.

The 400-foot Kirstine Tof of Copenhagen ran aground Friday. The ship stopped off Wolf Island to pick up a pilot and was pushed onto a mud flat by a gust of wind. The Kirstine Tof is carrying general merchandise. She was out-bound toward the Atlantic.

Meanwhile, Sincennes-McNaughton Line Ltd. of Montreal has been hired to free the Liberian freighter Andora, which has been aground since May 23 near Massena in the United States section of the St. Lawrence Seaway.

The firm expects to begin work Monday or Tuesday, under contract to the U. S. Seaway Development Corp. The amount of the contract has not been disclosed.

The 442-foot vessel had blocked Seaway traffic for a time. Tugs have pulled her parallel to the Seaway channel, allowing ships to pass.

Two Women Killed

RIDGEWAY, Ont. (AP) — Made-lyn Barbara Brennan, 29, and Mary B. Evans, 26, of Buffalo, N. Y., were killed today when their automobile ran into the side of a moving Canadian National Railway freight train at a grade crossing.

No PO Holiday

WASHINGTON (AP) — Post office workers won't get a holiday on July 3 like most government workers. President Eisenhower Friday authorized the holiday because the 4th of July falls on a Saturday. But Postmaster General Arthur E. Summerfield later announced that Post Offices will remain open July 3 and there will be normal mail deliveries that day.

U. S. Delays Move On Milk Order

WASHINGTON (AP)—The Agriculture Department has postponed indefinitely action on a plan that New Jersey milksheds said would affect their income.

The department has proposed amending a federal milk-marketing order that would tie producer prices of Class 1 fluid milk in the New York-New Jersey area to Midwestern condenser prices.

In announcing the postponement Friday, the department said it has extended from June 15 to a date to be announced later the time for producers and handlers to file written exceptions to the proposed amendment.

The milk order is designed to help stabilize prices and supplies of fluid milk in the regulated New York-New Jersey area. Under the order, the Agriculture Department sets prices which handlers are required to pay dairymen.

Dairy groups in the area contend that the proposed amendment would affect adversely the returns of milk-producers. The proposed amendment would permit the pricing formula of the order to operate substantially as at present, except that it would set maximum margins by which the price of Class 1 milk may exceed the level of Midwest condenser prices. These maximums would range from \$2.20 to \$2.80 a hundred pounds (46.5 quarts), depending on milk supplies and prices.

The department said that, at the present time, the maximum margin would be \$2.50 if the amendment were in effect.

The 'Newport'... A Small House Of Great Charm

Rooms Five
Bedrooms Seven
Cubage 19,800 ft.
Dimensions 35' x 28'

Because it measures only 35 x 28 feet in overall dimensions, and has a cubage of 19,800 feet "The Newport" can easily be built on a 60 foot lot. These figures do not, of course, allow for a garage. You can easily have an attached or detached garage built at the same time as the house by making such arrangements with your contractor. However, whether you plan to have the garage constructed at the same time as the house or at some later date, be sure to obtain a large enough lot to accommodate both the house and the garage.

While a combination fieldstone and clapboard exterior is used for the house in the illustration, a plain masonry, shingled, or clapboarded exterior would be equally attractive and appropriate for "The Newport." This delightful little home can be built in any type of a location. Simple landscaping is recommended.

The little front stoop, which adds to the decorative appeal of the house's exterior, serves the practical function of protecting the front entrance. Guests and the family alike will appreciate this protection from sun and storm.

Although there is no entry hall in "The Newport" because the front door opens directly on the living room, there is a closet conveniently placed in the hallway connecting the living room and the other rooms in this house. This can serve as the storage place for guest wraps.

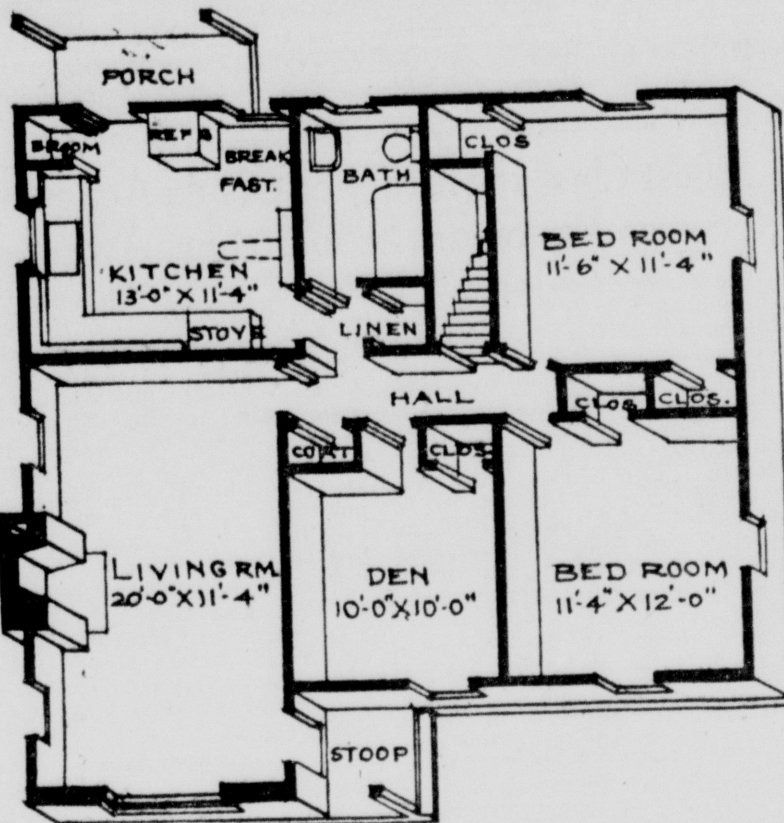

Plenty of Light
One large picture window, centered in the front wall, and two windows in the left wall provide an abundance of light and ventilation for the 20'x11'4" living room. The large fireplace in the left wall, between the two windows, should be the focal point of decorative interest in the room; the long unbroken right wall makes the attractive arrangement of large furniture pieces an easy task indeed.

Because there is no dining room proper in "The Newport," the living room must lead a double life. In order to make serving meals and clearing away afterwards just as easy as possible, place the dining room set near the back wall where it will be just a few steps from the all modern kitchen.

Measuring 13'x11'4", the kitchen contains a wealth of working counters, and storage cupboards and cabinets; these are arranged in an L shaped array along the front and left walls. Under the large window in the

wash PAINT AWAY!

from solid wood, metal, tile surfaces. Use new Strypeeze Special water-rinsable paint remover with the Good Housekeeping Seal. At paint and hardware stores.

left wall is the selected and most popular location for the sink. Put the stove at the right end of the line of working counters and the refrigerator against the back wall.

Across the hall from the bathroom is the 10' foot square den. This room can be used as it will best suit the needs of you and your family and is so designed that it can serve as a den for the man of the house, a combination den and library, a bedroom or as a third bedroom. One window, looking out on the front yard, provides sufficient light and ventilation for the room and the good sized closet in the back wall, will come in handy regardless of the use to which you decide to put this room. Both the right and left walls are unbroken by doors or windows and, should you decide to use this room as a combination den-library, bookshelves can be built along either of these walls.

Stairs to the basement lead

Basketweave Fence Partitions Outdoors

It's possible to partition the outdoors as well as interior living areas.

Short sections of wood basketweave fencing and breezeways flanked by wood louvers are effective devices for dividing your yard into a series of interesting and related areas. When the outdoor dividers are painted or finished to match the color of the wood siding on the exterior of the house, then the landscape and home are effectively blended in a single coordinated design.

Why Vinyl Tile?

Two of the biggest advantages of vinyl asbestos and solid vinyl for floors are their imperviousness to grease and their brighter colors which are continuous through each tile. Wear cannot affect either the color or the natural sheen of the material.

Skylights Up

The insertion of translucent plastic skylights in roofs of one-family homes is recommended by building specialists when additional light and air are needed and dormers are impractical. Such skylights, they say, are less apt to disturb a home's basic architectural lines.

down from the central hallway between the door to the bathroom and the one to the bedroom. One window in the back wall and another in the right wall guarantee good lighting and cross ventilation for this bedroom, which is 11'6" x 11'4". Since this is the master bedroom in "The Newport" it has two generous sized closets; one of the closets is in the left wall and the other is in the front wall.

There is cross ventilation and good lighting in the front bedroom also. One window is in the front wall of this 11'4" x 12' room; the other is in the right wall.

Blueprints Available

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost. Address requests to Home of the Week, Inc., Dept. KF, 87 Weybosset Street, Providence, R. I.

Wax Varieties

Polishing wax comes in three forms: paste, liquid and emulsion. The paste and liquid forms require polishing after drying. The emulsion type dries naturally with more or less gloss and usually is not polished. It is sometimes called "self-polishing" wax.

Fences Stylish

The old belief that it wasn't neighborly to build high fences around your house is going by the boards in many new home designs. Experts find a growing interest in enclosed gardens and private patios.

Light Chairs Best

Movable garden seats should weigh no more than 35 pounds, unless equipped with casters or wheels for easy moving. Maximum seat height is 17 inches.

Concrete Idea

Tubular metal garden furniture won't be strewn all over the yard by a gust of wind if a thin mixture of cement is poured into the hollow, open legs.

Household Hint

Partition a cabinet for storage of silver trays. Cover partitions with a protective and decorative tarnish resistant silver cloth.

Veterans' Rights, Benefits Listed

Howard C. Shurtler, county director of the Veterans' Service Agency and Charles L. Culver, state veterans counselor, NYS Division of Veterans Affairs, submit another in a series of articles on rights and benefits of veterans, servicemen and other dependents.

Pension — General hearings have been scheduled on proposed veteran pension legislation H.R. 6432 by a sub-committee of the U. S. House of Representatives Committee on Veterans Affairs. The purpose of these hearings is to air the entire veteran pension situation and, if possible, to recommend veteran pension legislation for consideration by the Congress. The pension legislation under consideration would provide for a graduated scale of veteran pension payments based upon the individual need of the veteran. This legislation, if approved would not take effect until July 1, 1960. Most veteran organizations, however, have rejected, after present form, H.R. 6432 in its present form. Specific action in a special hearing on the veteran pension proposal held recently in Boston two major veteran organizations and thirteen other veteran groups represented at the hearing offered some opposition to the proposed veteran pension legislation.

Legal — A marriage may be dissolved by death, divorce or annulment. In regard to the latter legal action, however, a court annulment is not recognizable by the Veterans Administration unless the "purported remarriage" is void.

Generally, a void marriage (as distinguished from one that simply is voidable) requires no court action, although the party involved may desire to have the voidance of the marriage made a matter of public record.

Insurance — The average age of WW 2 veterans is now past age forty. Many veterans of WW 2 still hold five-year term National Service Life Insurance policies. The premium on this type of policy increases as the policyholder gets older. Veterans with term policies may convert to a permanent plan of government insurance. Permanent policies have higher premiums, but the permanent plan rate, unlike the rate on term insurance, which increases every five years, remains the same for the life of the policy. Moreover, permanent plans have a cash value and, therefore, a loan value which enables a policyholder to borrow on his policy if he needs it. There are six types of permanent plan National Service Life Insurance policies: ordinary life, 30 pay life, 20 pay life, endowment at age 65, endowment at age 60, and 20 year endowment.

Tax Exemption — Applications for real property tax exemption for veterans are available at this office and should be submitted as soon as possible. Tuesday is the second Tuesday in July in the Townships of Ulster County and the second Tuesday of August in Kingston City. Applications must be filed before grievance day.

Questions about the rights and benefits of veterans, servicemen or their dependents may be submitted for individual attention to the NYS Division of Veterans Affairs and the Ulster County Veterans Service Agency offices at 32 Main Street, Kingston.

Capital Gains Tax Returns Deadline Monday

ALBANY—A final reminder that the deadline for filing New York State capital gains tax returns for 1958—and making of the tax in full—is midnight, Monday, June 15, was issued today by State Tax Commissioner Joseph H. Murphy. Penalties will be imposed for failure to do so, he said.

Unlike the normal personal income tax, there was no cancellation of the capital gains tax for 1958, and the deadline was extended from April 15 to June 15.

Most forms IT-201, available at tax banks and all State Tax District offices, is the proper form for filing the capital gains tax. Pages 2 and 3 of the form may be disregarded.

Capital gains are profits realized from the sale or exchange of property and they are taxable on 1958 returns from one per cent of the first \$1,000 of net capital gains up to three and a half per cent on everything above \$9,000.

All personal income tax exemptions allowed under the old provisions of the income tax law may be applied net capital gains. Commissioner Murphy pointed out.

Why We Say--

6-13 MONEY

ROMAN IDEA: Women have always been involved with money. The word was coined after one. It came from the Roman goddess Juno Moneta, guardian of finances. The Romans set their mint in her temple after the coinage system was devised. Thus a woman began to control the finances of the world.

COOPERATION — Officers and officials of the Shawangunk Cooperative Dairies of Kyserville, look over reports at recent membership meeting at Accord. Seated with President John Geary (left), Wawarsing, and Mrs. Lorraine

Snow, office secretary from Stone Ridge, is Auditor Arthur Patterson of Kingston, Kerhonkson; Arthur Van Aken, Stone Ridge, and William Anderson, Accord. The co-op is a Mutual Federation affiliate.

Yard Fireplaces Grow in Popularity

Family "cookouts" are rapidly becoming an integral part of American family life, especially in suburban areas.

Many homeowners prefer to build their outdoor barbecue fireplaces in the shelter of a garage or other shed, if possible.

That affords a high degree of privacy and provides welcome protection against the bristling breezes sometimes encountered on the cool evenings of late summer or early fall. Thus the family is enabled to enjoy "cookouts" on many occasions when otherwise the weather would not be considered propitious.

Outdoor barbecue fireplaces are combinations of masonry, metal grids, doors, covers, and such. The fireplace can be any size that is right for the individual family.

Soap Saves Paint

Outside painted walls that are dingy and discolored don't always need repainting. Washing with soap and water often can restore their freshness. Use a scrub brush on a small area to check the results of washing. If you're satisfied start at the bottom and work your way up. After washing rinse with clear water, using a hose.

Helpful Idea

It's good for amateur painters to know that you can hire a professional painter to do all the high places and the difficult angles of your house. With that advantage, you can easily accomplish the rest of the painting yourself.

For a Tough Coat

If you want a clear coating which is resistant to rain, sunlight and heat, when painting exterior surfaces, the most durable selection is spar varnish.

Taped Fuse Handy

Avoid being caught short in the dark by taping a spare fuse inside the fuse box. It'll be available when an emergency arises.

Nearly 60 per cent of the sugar sold in the United States goes to food manufacturers.

Suda, Potocko Winners at Bridge

Robert Suda, Ulster Park, and William Potocko, Saugerties, won the North-South side fractional point game championship of the Glenelg Bridge Club recently at the Jewish Center. The winners played a 63 per cent game to beat Robert Yallum and Sam Berger of Kingston. They had a 61 per cent game.

East-West side winners were Paul Mezer and Morton Honig, Kingston, with a 60 per cent game. Second was won by Daniel Ettlinger and Alven Brooke,

Poughkeepsie, with a 55 per cent game.

The Glenelg Bridge Club was scheduled to hold its monthly master point game last night at the Ridgeley Casino, Stone Ridge.

Tie Chrysanthemums

Chrysanthemums should be securely tied to stakes to keep them from being broken by the wind and to keep the heavy branches off of the soil.

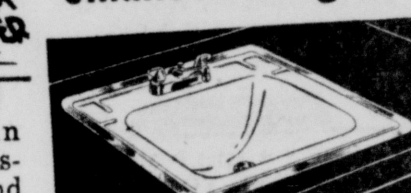

Good Tip

Modeling clay will hold pieces of china together while you are mending it with iron glue.

Freeman Reporter's Works Are Published In English Language Poetry Magazine

Four poems by Jack Crawford Jr., Freeman reporter, have been published in the May issue of Poetry, a monthly publication of world renown which has featured the works of such famous poets as Robert Frost, Carl Sandburg, Dylan Thomas, William Carlos Williams, Wallace Stevens and many others.

"To poetry-readers abroad," T. S. Eliot writes about the publication, "it is still the magazine to which we look first, to make us aware of whatever new poetic talent appears in the U. S. A."

Mr. Crawford has had the distinction of seeing previous works of his published in Poetry. His four poems in the May issue are entitled, "The Wound of Innocence," "Empty House," "God-dress of the Doorbell" and "A Breast Humming."

A graduate of Columbia University with an MA in Political Science, Mr. Crawford served in the Navy during World War 2 as security officer and was discharged with the rank of lieutenant, senior grade. His wife is the daughter of Mr. and Mrs. Raymond Craft to 22 Washington Avenue.

Mr. Crawford's poems and stories have been widely published in quarterlies, magazines and anthologies.

Of the four poems published, "Empty House" seems to be the favorite here at the Freeman office. It reads as follows:

The house is still, empty as a ghost.
My daughters just went out into the snow.
New with a great softness falling
From soundless heavens, smoothing
down the earth.
The fields are full; the yards, roads,
as far

JACK CRAWFORD JR.

As eye can see; the house gapes
empty.
The voices of the girls just now
Filtered through floors and walls:
Bright-voiced talk full of colors,
Like a brilliant scarf around my throat
Shining and soft with sound.
The snow falls among their smiling
lips.
Clinging to hoods and shoulders, and
slipping.
Their eyes glitter in the softness, the
flakes
Drifting like sleep, their gestures
Marvelous through the silence.
The House is still and I know,
Resonantly, how silence murders
sound.
Throttling it with a noise of snow
Where my brilliant daughters play.
Leaving in the colors of their wake
A need for them as open as this door.
Mr. Crawford's poem "Goddess
of the Doorbell" contains these
beautiful lines:

The bells of the door ring;
An instant longer shall I labor here
In these sermilies
The finger of a little girl is pressing
The Doorbell, asking if I am here . . .
A moment, and I rush
Boil-long, heart-headed, and throw
Open the bellling door to the snow.
My heart is standing there, not three
Bionde, her lips red-dyed, her eyes
Blue as light where the flakes fall.
The goddess smiles at me, and in her
smile
Enters, and light is in my hall.

Prospective Bride Of William Husta

HELEN SIMONE BUSH

Dr. and Mrs. William S. Bush of 8 John Street announce the engagement of their daughter, Helen Simone, to William Husta, son of Mr. and Mrs. William Husta, 10 Liberty Street.

The bride-elect was graduated from Academy of St. Ursula and is now a senior at Marymount College, New York City. Her fiancé, an alumnus of Columbia College, plans to return to the Columbia School of Engineering in the fall for graduate studies.

No date has been set for the wedding.

Jewish Community Nursery School Meets State Qualifications

The Nursery School Committee of the Jewish Community Center, under the chairmanship of Mrs. Merrill Stone, has been reconstituted and the school is expected to open in the fall. Registration of children of nursery school age is now urged. Mrs. Stone said, after conferring with Mrs. Dortha Conklin, of the New York Education Dept. in Albany, that every requirement which the state exacts will be amply met by the Community Center Nursery School.

Mrs. Conklin, who is an associate in the Bureau of Child Development and Parent Education and an authority in the field of Nursery School education, and a qualified official of the Department in Albany, made the point that the Jewish Community Center Nursery School facilities were more than adequate.

The Center Board has voted to provide funds for refurbishing the board room, which will be exclusively used for nursery school when the school begins operating. Funds for equipment, decoration and other necessary items have been allocated for use as needed.

The Center Nursery School will exceed the requirements of the Board of Health, the Fire Department as well as the Board of Education.

A certified teacher will be engaged and paid the prevailing wage rate of the Kingston School system.

Enrollment of children can now be made at the office of the Jewish Community Center.

Mathieu - Wood Wedding Announced

WOODSTOCK — Miss Jacqueline S. Mathieu and James A. Wood of New York City were married Sunday, June 7, in Christ Lutheran Church, Woodstock by the Rev. G. Oliver Sands. The attendants were Mrs. Cecile Paul, of Woodstock, family friend of the bride, and her parents, Mr. and Mrs. Pierre Mathieu who were summer residents here some years ago, also Harold F. Wood of Fort Wayne, Ind., brother of the bridegroom.

The bride was attired in a street length afternoon gown of beige satin and lace. She carried a bouquet of lilies of the valley with a white orchid. Her attendant wore a beige suit with an orchid corsage.

Mrs. Wood, who was born in Paris, France, has been employed as a sales and notion buyer.

The bridegroom, a chief petty officer in the U. S. Navy, is the son of the late Mr. and Mrs. Fern H. Wood of Pleasant Lake, Ind.

Other guests were the bride's brother, Bernard Mathieu of Paris, France; Mrs. Sue Hagerly and Mr. and Mrs. Maurice Stroh (sister of the bridegroom) who came from Pleasant Lake, Ind.; Mrs. Harold F. Wood from Fort Wayne, Ind. and Vasko Pini of Woodstock.

Births

The city registrar recently recorded the following births:

Accepted for Study At Sorbonne; Leaves Soon for France

RICHARD DIDONNA

Richard DiDonna, son of Mr. and Mrs. Joseph DiDonna of the Town of Ulster, has been chosen to spend his junior year of college at the Sorbonne, the University of Paris.

DiDonna, a sophomore at Fordham College, and a 1957 graduate of Kingston High School, was selected for this honor among the members of the Fordham Honors Program. This program is composed of outstanding academic students. The honors program provides for a three year course of intensive study in a major field with seminars and individual tutoring.

A candidate for a bachelor of arts degree in psychology-philosophy, DiDonna will attend the regular French University classes in both of these subjects at the Sorbonne. In preparation for this, he will pursue intensive courses in French conversation courses in French Universities of Grenoble and Toulouse. DiDonna will sail for LeHavre this month aboard the S.S. New York and will begin his studies on July 1.

Lina Schmidt-konz Will Present Pupils In Recital June 21

On Sunday, June 21 at 3 p. m., the junior pupils of Lina M. Schmidt-konz will give a recital in the Crystal Room of the Governor Clinton Hotel.

Taking part in the program will be Joyce Giustino, Laura Norton, Vincent Amatrano, Ellen St. John, Victoria St. John, Ann Roberts, Laury Lyke, Susan Harder, Becky Stephanz, Bart Williams, Beth Askew, Jane Christensen, Karlyn Knaust, Barbara Walter, John Cooke, Betty Cooke, Bonnie Smith, Stephen Leventhal, Cindy Cogan, James Esposito, Joseph Esposito, David Robertis, Barbara Dutto, Betty Ann Weisman, Alice Yushman, Majorie Spiegel.

Peter A. Naccarato, 42 Smith Avenue; Leslie Kevin to Mr. and Mrs. George Luther Mickle, PO Box 13, Saugerties.

June 8—David to Mr. and Mrs. John Stephen Ferraro Jr., East Chester Street Bypass, Town of Ulster.

Largest Class in History of Ursula Academy Receives Diplomas; Scholarships Awarded

The Academy of St. Ursula at commencement exercises held Sunday, June 7, at 3 p. m. in the school auditorium, awarded diplomas to a graduating class of 35, largest in the history of the school. Diplomas were conferred by the Rt. Rev. Msgr. Martin J. Drury, P.A., V.F., who counseled the graduates to be aware of their deep debt of gratitude to God, their parents, teachers, and friends who made this day of accomplishment possible.

The address to the graduates was given by the Rev. Francis X. Toner of St. Mary's Church. "We live in an era in which revolution is taking place constantly," said Father Toner, "and as Catholic young women, if you wish to accomplish great things for God, you must have the spirit of a revolutionist."

Recent years have witnessed political, sociological, medical, and even musical revolutions, he said. The speaker characterized this era as "the age of the extraordinary." Following Christ as the early Christian martyrs. Catholics of today must be on fire with love for Christ. As members of the Church Militant, "you must be ready to do battle for the sake of Christ and His Church . . . to sit back is to betray membership in the church militant . . . Christ needs you. Christ depends on you, Christ waits for you."

Awards were made as follows:

An award for Christian Doctrine presented by Miss Madeline Berg, awarded to Miss Arlene Ziegler; a gold medal for excellence in studies presented in memory of Miss Emily Rice, to Miss Arlene Anne Ziegler; a medal for excellence in three years of Latin and French, presented by Miss Estelle Rice, to Miss Mary Catherine Vigna; an award for maintaining the highest average in three years of mathematics and science to Miss

Roberta Louise Schmitt; an award for excellence in social studies, presented by the Knights of Columbus, to Miss Arlene Anne Ziegler; an award for maintaining the highest average in four years of English, presented by the Parents' Association, to Miss Helene Marie Napoletano; a special award for excellence in art and outstanding achievement in the production of the 1959 Our Marygrove to Miss Eva Claire Horodyski; a special award for excellence in music and extraordinary devotion as school accompanist for four years to Miss Mary Catherine Vigna.

Scholarships

The following scholarships were merited by these members of the senior class:

Miss Virginia Marie Carpenter — \$100 nursing scholarship presented by the Ladies Auxiliary of the Rapid Hose; Miss Marie E. Oehlein — full three year scholarship of \$500 to the Benedictine School of Nursing, offered by the American Legion Post 381. A \$100 Nursing Scholarship presented by the Womens Club of Rosendale;

Miss Roberta Louise Schmitt — New York State Regents College Scholarship, a \$4500 scholarship to the College of Marymount, a partial scholarship to the College of St. Rose. Miss Carol Ann Shuckrow — New York State Regents College Scholarship;

Miss Arlene Anne Ziegler — Generoso Pope Memorial Scholarship of \$200, awarded by the Department of Education of the Archdiocese of New York; a New York State Regents Nursing Scholarship, a New York State Regents College Scholarship — alternate.

In the recent Hudson-Champlain Celebration Contest in the Kingston area, the first prize of \$35 was received by Miss Eva Claire Horodyski.

Diers - Howard Wedding Is Announced; Bridegroom Serving With Marine Corps

MR. AND MRS. THOMAS J. HOWARD

Miss Harriet Ann Diers, daughter of Mr. and Mrs. Charles J. Diers of 213 Abeel Street, wed Thomas Joseph Howard, son of Mrs. Loretta Howard of 109 Clinton Avenue and the late Thomas Howard, at a double ring ceremony on June 7 at 2 p. m.

Scene of the wedding was St. Mary's Church. The Rev. Francis X. Toner officiated. Louis McAndrew and Anthony Spada served as altar boys.

Theodore Riccobono was organist and Miss Patricia Bruck sang "Ave Maria" and "On This Day O Beautiful Mother."

White gladioli and white peonies decorated the church for the occasion.

Given in marriage by her father, the bride wore a gown of Italian lace over bridal satin styled with a scoop neckline outfit lined with flowers and pearls, long tapered sleeves ending in points, fitted bodice and chapel length train. Her veil of imported silk illusion was fingertip length and gathered to a crown trimmed with iridescent sequins. The bride carried a bouquet of cascading roses, carnations, baby's breath, and stephanotis.

Miss Arlene Howard, sister of the bridegroom was maid of honor. She wore a gown of velvety nylon sheer over blue taffeta with a fitted bodice, tiny cap sleeves with taffeta roses and blue taffeta streamers. She carried a nosegay of yellow roses and carnations with blue delphiniums. Her headpiece was of woven nylon trimmed with seed pearls and a flirtation veil.

Miss Genevieve Tomaszewski of 4 Ponckhockie Street was the bridesmaid. She was attired in a

of 257 Greenkill Avenue, was graduated from Carlisle Military School, Bamberg, S. C.

Commencement exercises were held on May 25.

Ronny Cole Is Feted

A surprise party was given for Ronny Cole in honor of his 15th birthday on June 5.

The party, given by his friends, was held at the Cole residence, 72 Summer Street.

Among those attending were the Misses Patricia Rice, Joyce Brody, Judith Showers, Christine Costello, Candy Bott. Also Peter Minasian, John Chick, Bobby Ross, Dave Winters, Larry Banks and Peter Shay.

gown identical to that worn by the maid of honor. She carried a nosegay of yellow roses, white carnations and delphinium.

Thomas Gahan of 109 Clinton Avenue was best man and Ronald Diers, the bride's brother, was usher.

More than 200 guests were entertained at a reception given at the Yacht Club on Abeel Street.

The bride was graduated from St. Mary's School and Kingston High School. She is employed by IBM in Kingston. Her husband, who attended Kingston High School, is serving with the U. S. Marine Corps at New River, N. C.

For her wedding trip to New Hampshire, the bride wore a white cotton dress with red and white accessories and a corsage of red feathered carnations.

Until the bridegroom completes his military service, the couple will make their home at 213 Abeel Street.

YWCA Board Meets With New Officers

The Board of Directors of the YWCA, which is a member of the Kingston Community Chest, met June 8 at the YWCA for a buffet supper followed by the regular monthly meeting. At the meeting, the new officers were seated: Mrs. John Glennon, president; Miss Marcia Clark, first vice president; Mrs. Lewis Short, second vice president; Mrs. James Snyder, recording secretary; Mrs. Henry Millonig, corresponding secretary and Mrs. Robert Pixley, treasurer.

Mrs. Glennon appointed the following chairmen of standing committees:

Mrs. C. R. Anderson, finance, with Mrs. James Cooke, chairman of the subcommittee Ways and Means; Mrs. Anne Long, Y-Teen and Young Adult; Mrs. George Sheldon, Adult program and education; Mrs. Marshall Winchell, hospitality; Miss Marcia Clark, public relations; Mrs. Elwood Robinson, membership; Miss Margaret Schuetz, personnel; Miss Mary Terwilliger, plant and equipment; Mrs. Merrill Yapple and Mrs. Lewis Short, world fellowship.

Special committees and other appointments will be announced in the fall.

The board will reconvene September 14.

Green, secretary of spiritual life, assisted by Mrs. Ashton Hart. Reports were made by various circle chairmen with reference to the annual Dutch day fair.

The fair, which is to be held on August 5, which will have to offer several new features to intrigue the visitors to the community during this Year of History.

An all-day cafeteria will be featured with a steady parade of home cooked food to whet the appetites and please the palates of patrons. There will be a kindergarten to provide baby-sitting facilities for the very young, and entertainment of interest to older children. The usual booths will be in full operation under the guidance of circle chairmen, Mrs. Frank Brooks, Mrs. Edward T. Green, and Mrs. John Barman, and their able assistants.

Approximately 50 members and guests enjoyed the refreshments and the fellowship of the social hour which followed.

Wants To Pay Her Share
Dear Mrs. Post: When lunching with a male friend (not as his guest) it is proper to ask the waiter for separate checks, or is it better and less embarrassing to him to let the waiter put both lunches on the one check and for her to reimburse him later for her lunch?

Answer: It is better to ask for separate checks, otherwise you will have great difficulty in getting him to accept your share of the check he will have paid.

Mrs. Post offers readers leaflets on a variety of subjects concerning etiquette. If you would like to have her leaflet E-11, entitled, "Do You Know Your ABC's in Manners," quiz for boys and girls in coin to Dept. E, Send 10 cents in coin to Dept. E, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail.

NEW OFFICERS OF KTF—Newly installed officers of the Kingston Teachers' Federation, Local 781, AF of T, include seated (l-r) Miss Millie Lindsey, corresponding secretary; John Fallon, president and Thomas L. Partlan, vice-president. Standing (l-r) Richard Cowin, financial secretary; Francis Scott, treasurer; Richard Stedman, parliamentarian; Miss Ann Duffy, recording secretary, was not present for the picture. (Freeman photo.)

Teachers Attend Annual Banquet

At the annual banquet of the Kingston Teachers' Federation, Local 781, AF of T, held June 9 at the Casablanca, 50 members and guests greeted the newly installed officers for 1959-60. They are: John Fallon, president; Thomas L. Partlan, vice president; Mollie Lindsey, corresponding secretary; Ann Duffy, recording secretary; Frank Scott, treasurer; Richard Cowin, financial secretary; Richard Stedman, parliamentarian.

The outgoing president, Robert L. Tucker, spoke briefly about the accomplishments and failures of his administration, and emphasized the need for unity among teachers. He said, "Labor unions have given the working man the great gift of equality with management through collective bargaining. So long as teachers and other public servants are denied this equality, we shall be faced with the prospect of approaching public boards with bat in hand, hoping for a pleasant reception."

He concluded with a wish for greater cooperation with and among area labor groups.

John Fallon, president-elect, also spoke.

A social hour followed with entertainment and music supplied by the members.

By EMILY POST

Author of "Children Are People" and "Etiquette" etc.

A SHOWER OF CARDS

Dear Mrs. Post: My mother and father-in-law will be married fifty years the end of next month. Because of ill-health a party of any kind will be out of the question. I do not like to see the day go by unnoticed and thought it would be nice if all their friends remembered them by sending greeting cards which I am sure will please them very much. In other words, have a "shower of cards." Is such an idea possible, and if so, how can I go about suggesting it?

Answer: I think you are right, and the best way to go about this would be to telephone your plan to their most intimate friends and ask them to spread the idea to others.

A Celebration Before Graduation

Dear Mrs. Post: Will you please tell me it will be proper to have the day before I graduate from high school? I will graduate on a Monday at eight o'clock in the evening. This means that we will not get home until after ten o'clock and it will be impossible to give a party that night. I would appreciate hearing from you on this matter.

Answer: You may give your party on Sunday if you wish to, but personally I would prefer to wait until Tuesday when you will actually have graduated.

Wants To Pay Her Share

Dear Mrs. Post: When lunching with a male friend (not as his guest) it is proper to ask the waiter for separate checks, or is it better and less embarrassing to him to let the waiter put both lunches on the one check and for her to reimburse him later for her lunch?

Spencer Quick Is Given Award

Spencer Donald Quick, son of Mr. and Mrs. Spencer Quick of Accord, was the recipient of the second annual citizenship award of \$50 from the Town of Rochester Women's Republican Club at the Accord firehouse Tuesday, June 2. The award was presented by Mrs. Edmund Schoonmaker, who also presided over the meeting.

Jesse McHugh, majority leader of the Ulster County Board of Supervisors was guest speaker. Mrs. Schoonmaker introduced officials of the town board who spoke briefly. They were Supervisor A. Richard Terwilliger, highway superintendent Richard Gray and Assessor Peter Gates.

Refreshments were served by the committee. Mrs. Stanley Lawrence, Mrs. Leo Gazlay, Mrs. Oscar Mackey and Mrs. Edmund Schoonmaker, all of Kerhonkson.

Girl Scout Unit Of Mt. Marion Receives Ribbon

Two Girl Scout Troops of Mt. Marion were represented at the flower show June 10 in Saugerties sponsored by the Society of Little Gardens, held at Saugerties Reformed Church.

Brownie Troop 45 under the leadership of Mrs. Frederick Stegmayr exhibited a display of dried flowers and driftwood with Brownie figures arranged in a circle. The exhibit was entitled "Brownies in Wonderland," and they received a blue ribbon.

Troop 66, Intermediate Scouts presented the theme of "Our Heritage," and stressed the need for conservation to keep America beautiful. Their display showed a forest glen with living trees, plants and ferns arranged around a sunken pool with small animals around the greenery. The second exhibit showed the same scene after a fire had burnt and destroyed the forest.

Mrs. Griffin Holleran, leader of the troop, said the Conservation Department Office of Kingston provided the materials including Smokey the Bear kit. This troop also received a blue ribbon for its exhibit.

Wallkill
Polio Clinic Set

WALLKILL — A polio clinic sponsored by Wallkill Public Health Association will be held Tuesday 9:30 to 10:30 a. m. at Wallkill Elementary School.

Children and adults who received their first or second injections on May 28 are urged to attend. Those who were unable to attend on June 9 may also attend the clinic.

More than 65 attended June 9, and it is the aim of the association to immunize all persons in the Village of Wallkill and the immediate area.

Child Health Clinic

A child health conference conducted by the Ulster County Health Department will be held at the Tumor Clinic Building 40 Broadway, Tuesday, June 23 at 6 p. m. in Hotel Kingston.

Dr. Harwood Kolsky Sr., planning representative at International Business Machines Corp., Poughkeepsie will be the speaker on "A General Description of the Stretch Computer."

Reservations may be made with Mrs. Sharon L. Menard at Woodstock.

Traffic Suggestion

Doors to the kitchen should be located so that there can be a free movement of traffic without interference with activities at the major work centers.

Graduation Will Be Heard Here From Mooseheart

Kingston Moose Lodge members will hear the commencement exercises for the 1959 graduating class of Mooseheart High School over a special closed circuit at the Moose Home, Sunday at 3:30 p. m., according to Governor Edward Cline.

The local Moose lodge is one of 630 in the United States and Canada which will hear the one-hour broadcast direct from Mooseheart over the largest closed circuit ever set up by the American Telephone and Telegraph Company.

Governor Cline reports the local lodge will enroll a large class of candidates in honor of the Mooseheart graduates at the local lodge home at 2 p. m. Ritual work will be conferred by the Kingston degree staff.

Other activities for Sunday include buffet and dancing.

The 1959 graduation program is being held in conjunction with the annual Illinois Day celebration at the Moose Child City. Exercises will immediately follow enrollment of a class of candidates furnished by 136 lodges of the State of Illinois.

Robert F. Hurleigh, a member of the Mooseheart board of governors and news analyst and vice president of the Mutual Broadcasting System will narrate the special broadcast.

Supreme Governor Henry Wallenwein will deliver the commencement address and distribute academic diplomas and vocational certificates to 26 boys and 24 girls in the graduation class. Paul P. Schmitz, director general of the Moose order, will give a speech.

The 50 members of the class have spent a total of 445 years and two months at Mooseheart. The number of years spent at the Child City ranges from Maxine Moon, who spent only one year and five months there, to Richard Mills, who spent 16 years and 11 months.

Says Legislation Will Up Bond Interest Rate

John D. Lockton, treasurer of General Electric Co. and N. Y. Savings Bonds chairman, today reminded the public that under the terms of the U. S. Treasury's proposal to Congress, improvements in rates on Series E and H Savings Bonds would be effective June 1.

"There's no reason for anyone to hold up on buying their Savings Bonds," Lockton said, "in order to await Congressional action. The treasury has announced that, if Congress approves the request, interest rates on Savings Bonds will be increased retroactive to June 1."

President Eisenhower sent a message to Congress on June 8 recommending improvements in the terms of Savings Bonds, in connection with other public debt matters. His message was accompanied by a statement from Treasury Secretary Robert E. Anderson proposing an increase in the interest rate on Series E and H Savings Bonds from the present 3 1/2 per cent to 3 3/4 per cent, when held to maturity.

The proposal also provides for a rate increase of approximately one-half per cent on all outstanding bonds purchased prior to June 1, 1959.

"It's a good idea to hang onto your present Savings Bonds, too," the Bond Chairman pointed out. "If Congress accedes to the treasury's request, the old bonds you now have will begin to draw a higher interest rate, without any action on your part."

Computing Machinery Group to Meet June 23

The dinner meeting of the Association Chapter of the Association for Computing Machinery will be held Tuesday, June 23 at 6 p. m. in Hotel Kingston.

Dr. Harwood Kolsky Sr., planning representative at International Business Machines Corp., Poughkeepsie will be the speaker on "A General Description of the Stretch Computer."

Reservations may be made with Mrs. Sharon L. Menard at Woodstock.

Traffic Suggestion

Doors to the kitchen should be located so that there can be a free movement of traffic without interference with activities at the major work centers.

Local 215 Delegates To Attend Conference

John Cole, president; Michael Marchuk, secretary, and Peter Ferraro, member of the board of directors will represent Local 215, American Federation of Musicians, Kingston at the 62nd annual convention of the musicians union at Seattle, Wash., next week.

The local delegates will leave Sunday to arrive for the opening Monday. They will hear reports from the national president, Herman Kenin. Other business will include proposed legislation and election of officers.

Over 1,300 delegates will attend, representing some 700 locals and the 265,237 professional musicians of the nation and Canada.

LITTLE STINKERS

Boys come in assorted sizes, weights, and colors. They are found everywhere--on top of, underneath, in side of, climbing on, swinging from, running around, or jumping to.

Mothers love them, little girls hate them, older sisters and brothers tolerate them, adults ignore them, and Heaven protects them.

They have the appetite of a horse and the digestion of a sword swallower. A boy is Truth with dirt on his face; Wisdom with chewing-gum in his hair, and the hope of the future with a frog in his pocket.

Blessed is he who expects nothing, for he shall never be disappointed...

Friend -- Congratulations, old man. I'm sure you'll remember this day as the happiest day of your life.

Bridegroom--But it's tomorrow!

LITTLE LIZ

row I'm being married. Friend (gently)--Yes, I know that.

COUNTER MEASURE

When I lay me down to slumber, Past my shanty big trucks lumber. But tho I am so very near them, I snore so loud I cannot hear them!

—Herman Robison

Nancy Perkins, of Los Angeles, was born April 20, 1958, on the birthday of brothers Jay, eight, and David, five, and on the birthday of Dr. A. Warren Olson, who delivered her, and on the birthday of the nurse who assisted him--Virginia Modell, Santa Monica, Calif.

Hunter (boring company with his tall tales)--And while wandering around the village I spotted a leopard.

Listener--Now I know he's a liar. They come that way!

Asked why he decided to retire from the prize ring, Rocky Graziano said: "I looked in the mirror after my last fight and saw my beaten face and decided there must be an easier way to meet congenial people of my own age."

The customer was poking around the fruit counter, trying to get something as cheaply as possible. He finally settled on five apples and handed them to the clerk.

Clerk--That will be 85 cents, please.

The customer handed the clerk a dollar bill and started to walk out.

Clerk -- You forgot your change, sir.

Customer--That's all right. I stepped on a grape on my way in.

Here's to the two great American birds! May you always have

TIZZY

By KATE OSANN

"Do you realize we've been going steady now for two and a half hours?"

one on your table and the other in your pocket--the turkey and the eagle.

We must build more, and better, secondary and feeder roads. But let's eliminate as much hazardous highway as we can in favor of the broad, straight multiple-lane roads that move traffic

faster and are safer to travel.

Dead beat -- Say, pal, how about lending me \$10 until payday?

Hustler--OK, but when is payday?

Dead beat -- How should I know? You're the one who's working.

Relied on X-ray Data, Physician Tells Hearing

BINGHAMTON, N. Y. (AP)—A suspended hospital radiologist says he had relied on a qualified X-ray technician's computations in timing treatments given a cancer patient who died of radiation burns.

Such procedure was "in accordance with the generally accepted radiology practices," Dr. Victor Drucker testified Friday at a public hearing.

Dr. Drucker, assistant chief radiologist at Binghamton City Hospital, and Dr. Elmer St. John, chief radiologist, were suspended last month on charges that they falsified the treatment records of Mrs. Elizabeth Cowan, Mrs. Cowan, who was 70, died April 26.

Dr. Drucker testified that he dictated a radiation prescription for Mrs. Cowan Sept. 12, 1958, and that the prescription should have been in her folder before the treatments were given.

He said that the radiologist prescribes the amount of radiation a patient is to receive and that the technician figures out the length of exposure needed.

Last Monday, Miss Beverly McDonough, 21, of Oneonta, the technician who handled Mrs. Cowan's case, testified that she had looked up the chart of a previous patient and had administered the same treatment to Mrs. Cowan.

When asked why she had not consulted one of the radiologists, Miss McDonough replied, "I can't answer that."

Dr. Drucker is expected to return to the state Monday.

The hearing is being conducted by Harold G. Koach, administrator of the municipal hospital.

Dr. St. John's attorney has entered a denial to all charges and said he would not call any witnesses.

One Man Killed In Upstate Blasts

PORTVILLE, N. Y. (AP)—One man was injured fatally and another suffered shock when three explosions ripped through the Olean Fireworks Co., in this Cattaraugus County community Friday.

Gerald Ozzella, 27, of Olean, died in Olean General Hospital of multiple cuts and severe burns, hospital authorities said. David Mendel, 21, also of Olean, was reported in good condition in the hospital where he was treated for shock.

Ozzella, son of the owner, David Ozzella, was mixing chemicals in one of the two company buildings when the first explosion occurred, state police said.

The cause of the blast was not determined.

The fire spread to a nearby building and set off two more explosions. Both buildings suffered heavy damage.

The owner made no estimate of the property damage.

Native Kingstonian Is Now With Army Recruiter Here

NEW RECRUITER ARRIVES—Master Sgt. Theodore Wasielewski (left) is welcomed to the U. S. Army Recruiting Office, 309 Wall Street, by Master Sgt. Walter Gosling, who has been in charge of the station for the past two years. The local office will now be a two-man station to handle recruiting affairs in Kingston and Ulster County. (Freeman photo.)

The U. S. Army recruiting office, 309 Wall Street, is now a two-man operation with the arrival of a native Kingstonian, Master Sgt. Theodore Wasielewski, who was associated with the recruiting office in Newburgh for the past nine months.

Wasielewski will join Master Sgt. Walter Gosling who has operated the Kingston office for the past two years.

One Always In Office

Gosling said today that with two men the station would be able to provide better service to the county. He emphasized that one man would be on duty in the Wall Street office at all times, while the second man makes contacts through the county.

Wasielewski, who was born in New York City but moved to Kingston with his family when he was less than a year old, entered military service in 1943. Nine and a half years of the past 16 have been spent overseas.

32 Months In Germany

Prior to his recruiting assignment last September in Newburgh, he served for 32 months as first sergeant of the medical clearing company in Germany.

He has been in Germany twice on assignments, to Japan, and other far-flung parts of the world.

He came to Kingston in 1926 where he later attended Immaculate Conception School and Kingston High School.

A brother, Frank Wasielewski, 139 Stephan Street, is a Central Hudson foreman. He also has a sister residing in Kingston, Mrs. Harvey Finch of Colonial Gardens.

In Korean Conflict

During World War 2 Wasielewski served on a hospital ship in the European campaign.

In the Korean Conflict he served with the 21st Infantry, 24th Division.

He is married to the former Mary Lou Johnson of New Philadelphia, Ohio. They have a son, Theodore who will be a year old on June 20. Sgt. and Mrs. Wasielewski reside at 311 Clifton Avenue.

Carbo Hearing Is Set for June 19

CAMDEN, N. J. (AP)—Frankie Carbo, alleged underworld czar of boxing, will be given a hearing next Friday on a petition for a writ of habeas corpus to free him from Camden County Jail.

Carbo was arrested on May 30 at a friend's home in Haddon Township, and freed on \$25,000 bail. He was picked up by New York Air Force on Friday.

Last Friday he was ordered to the Camden prison to await the outcome of extradition proceedings filed by New York.

In a petition, Carbo denied that he is a fugitive from New York authorities. He said that he was not in the state at the time New York charged him with committing certain offenses. A New York County grand jury had indicted Carbo on 10 counts charging conspiracy and describing him as an underworld boxing manager.

The cucumber tree belongs to the magnolia family. It received its common name from its unique fruit which, when green, somewhat resembles an ordinary cucumber.

Trinidad, most southerly of the West Indies, is closer to New York City than to New Orleans.

Man Is Jailed, Woman Fined \$250 On Drug Charges

BINGHAMTON, N. Y. (AP)—A former dance instructor has been sent to jail and another fined \$250 for possessing illegal narcotics.

Gary F. McKane, 27, of Johnson City, and Mrs. Beth Marie Maske, a 22-year-old divorcee from Laceyville, Pa., pleaded guilty Friday in Broome County Court.

Judge Robert O. Brink ordered McKane to jail for five months. McKane was sentenced on a misdemeanor charge of possession.

Mrs. Maske admitted she had grown narcotics plants.

The two and William T. Cronin, 27, of Johnson City, were arrested April 12 after police found six ounces of marijuana in their automobile.

Brink set the week of June 29 for trial of Cronin, a former factory worker.

Fire Police Vols Elect Officers

The Volunteer Fire Police Association of Ulster County, Inc., met Wednesday night at West Hurley and elected Edgar Rhoades president.

Other officers elected are: Russell McConnell, vice-president; John Sahloff, recording secretary; Alfred Lasher, financial secretary; Frank Platz, treasurer and Henry Hopkins, director for five years.

The meeting was held at West Hurley Firehouse with 40 members present at the annual meeting. Guests at the meeting were Under Sheriff Clayton W. Vredenburg and County Investigator Arthur H. Brown.

Four members joined the association.

The August meeting will be held at Marlboro with the October meeting at West Camp and the December meeting in Napanoch.

Fire Police School certificates were distributed to members who had completed the course and passed the recent examination.

The speaker of the evening was Charles Eisiminger. He also showed a film on the Boeing Bomarc missile which was set off at Cape Canaveral, Fla., from the memory of the late Arthur Rice, who was instrumental in organizing the fire police and was active in the organization, the name of the annual banquet was changed from the Fast President's Banquet to the Arthur Rice Memorial dinner.

To Bestow Blessings On Departing Priests

His Eminence, Francis Cardinal Spellman will bestow his blessings at 11 p. m. upon 15 priests of the Archdiocese of New York who will depart from Idlewild Airport Sunday evening for a three-month course of study at the Catholic University of Puerto Rico in Ponce.

The group, which will be made up of 12 newly ordained priests from St. Joseph's Seminary, Dunwoodie (one half of this year's ordination class), two seminarians and one recently ordained priest, will depart aboard Pan American flight at 11:59 p. m. They will return to the United States at the end of September when they will join the 219 Spanish-speaking priests already working in New York.

Gets \$9,000 Payroll

VALLEY STREAM, N. Y. (AP)—A gunman robbed a construction firm executive of a \$9,000 payroll Friday minutes before it was to be distributed to workers on the job.

Philip Berri, partner in the Yonkers, N. Y., firm of Cerussi and Berri, told police he had just stopped his car near the job site when the gunman approached him.

Then, he said, the man fled in a car driven by an accomplice.

Retired Professor Dies

WASHINGTON, Pa. (EP)—Dr. Arthur A. Hays, professor emeritus of ecclesiastical history at McCormick Seminary in Chicago, died Friday after a long illness. He was 73. Dr. Hays was formerly on the faculty of Washington & Jefferson College and headed the public school system here.

Hyde Park Sites Services Expanded

Summer visitors to Vanderbilt Mansion and Home of Franklin D. Roosevelt national historic sites and the Franklin D. Roosevelt Library, all at Hyde Park, will find the areas open seven days a week, beginning Monday, it was announced today.

All have been closed on Monday, Robert H. Atkinson, superintendent of the historic sites, and Herman Kahn, director of the library, said the Roosevelt home and library will be open an hour earlier under the new schedule. Daily visiting hours for these areas will be 9 a. m. to 5 p. m., conforming to the hours that have been effective at Vanderbilt Mansion.

The change in hours and days of admission is a part of the National Park Service Mission 66 program at Roosevelt-Vanderbilt national historic sites, Atkinson said. As an important part of this 10-year program, visitor services and facilities are being improved in all areas of the National Park System.

The standard hours will apply on a year-around basis, according to the announcement. Continuation of the seven-day operation after Labor Day will be determined later in the summer. Decision to make visitor services at the three sites available on Monday during the summer months was based on an experiment at Vanderbilt Mansion last year.

The historic sites are administered by the National Park Service. The Franklin D. Roosevelt Library is a division of the National Archives and Records Administration. Vanderbilt Mansion is an example of a palatial American residence in the period 1880-1900. The Roosevelt home is the birthplace of our 32nd president and served as his "Summer White House."

The Franklin D. Roosevelt Library, located on the grounds of the Roosevelt estate, contains the manuscripts, books, and other historical documents of the late president.
